ALBERTA'S FIRST NEWSPAPER

SIXTY-SEVENTH YEAR • • EDMONTON, ALBERTA, FRIDAY, JULY 25, 1947 Telephone 26121 PRICE 5 CENTS

WEATHER

Today and Saturday—Thunderstorms and overcast tonight. Clear and warm Saturday.

Edmonton Temperatures—Thursday maximum, 83; overnight low, 57; estimated high today, 79; estimated low, 58; estimated high Saturday, 78.

Saturday Sunrise—5:38. Saturday Sunset—9:42.

COSTS OF LIVING

"From Whitehorse on north you're strictly in the high rent district," says Jack Scott, who with his wife, is now in Fairbanks, Alaska. His column, "Our Town" on Page 9 tells of T-bone steak at $4.

Guerillas Repulsed By Greeks

By L. S. Chakales

ATHENS, July 25—(AP)—A war ministry spokesman said Greek government forces, using rocket-firing planes and artillery, repelled a strong guerilla attack today on Grevena, about 40 miles east of the Albanian border.

THE MINISTRY said a guerilla force of from 1,200 to 4,500 men, equipped with heavy weapons, launched the attack at 3 a.m.

The spokesman said the initial assault forced back guard posts outside Grevena, a town of 4,000 in the Pindus mountain foothills, southeast of the Mount Grammos border area where government forces have been battling leftist units for almost a month.

"The attack was repelled and the guerillas were decimated," the spokesman said.

Military sources said the attackers were part of the guerilla units which previously attacked Konitsa.

Dutch Forces Mop Up in Java

Track and Field Stars Swing Into Action at Dominion Championship Meet

Photos by Bland

Intermittent sunshine after a cooling overnight rain made conditions almost ideal today as Canadian track and field championships in four divisions got under way at Clarke Stadium. The above layout shows a few of the hopeful entrants caught by The Edmonton Bulletin cameraman as they "warmed up" for the first Canadian track and field meet ever to be held in Edmonton. On the left as he crosses the bar in the high jump is seen Pat Dornan, Thorshy, who will be in action today in the high jump, 100 yard dash, 440, and other junior events. Second from the left is Mike Kinatewich, Thorshy, as he practices his broad jump. He also is in the junior class. Ready to throw the shot is Doug Morris, Zealandia, Sask. He is third from the left. He is junior champion of Saskatchewan. Hailing from Minnedosa, Man., and entering the 60 metre race is Margery Coutts, fourth from the left. On the extreme right is shown the intervarsity champion Sylvia Fedoruk, of the University of Saskatchewan.

At Dominion Track Meet Opening Here

Girl Jumper Sets New Record

By Dick Beddoes

Edmonton Bulletin Sports Writer

The sun shone bright and fair and it was marvellous sporting weather at Clarke Stadium this morning to greet the Dominion Track and Field Championships.

Early results indicated that times and distances would be in for a terrific siege before the athletes taper off their assault tomorrow afternoon. Red-haired Doreen Dredge, 16-year-old high jumper from Kelvington, Sask., shattered the Canadian junior women's high jump record in the first ladies event of the day.

She scissored over the crosspiece at five feet one and five-eighths inches. The former mark of 5' 1¼" was established by Mary Haydon of Ottawa in 1937.

Pint-sized Miss Dredge missed in three efforts to bound over five feet two inches.

IN THE FIRST men's event—the 120 low hurdles for Junior B entrants—long, sunburnt Kim Kimbark lived up to pre-meet expectations by winning the feature in 14.3 seconds. That mark tied his own Dominion record.

Runner-up in this first final event of the meet was Stan Worthington, of Hamilton, with Murray Henderson, London, Ont., in third position.

The "Mighty Mouse"

Edmonton's "Mighty Mouse", Edith Skitch, had to be content with third place in the first heat of the senior women's 100-metre sprint. She trailed smooth-sailing Doreen Clough of Montreal, who was first, and Jean Atkinson, Pacific coast product, in second slot.

By noon three heats of the Junior A boys 100-yard dash had been completed.

RANGY GEORGE MacPHAIL of Ottawa won the first trial in 10.1 seconds. The other pair of finalists in the class by virtue of their triumphs in the second and third heats were Ken Moore, Eston, Saskatchewan, and Reg Roach from Barrie, Ont.

The official opening of the meet is scheduled for this evening when the lieutenant-governor will be welcome by His Honor Lt-Gov. J. C. Bowen, Hon. N. E. Tanner, minister of lands and mines, and Mayor Harry Ainlay.

On Boat, Plane Travel

Governor Has Hectic Experience in North

WHITEHORSE, Y.T., July 25 — (CP) — Viscount Alexander, governor-general of Canada, today continued his visit of the north after a hectic experience of plane and boat travel in this northern region yesterday.

IT ALL STARTED when the vice-regal party en route to Dawson City, about 60 airmiles northeast of here, ran into trouble while aboard the famous old sternwheeler "Klondike" on a trip up the Yukon river to the historic gold city of the Klondike.

En route the boat struck a sandbar as it neared Fort Selkirk and the party was left stranded for several hours before an RCAF rescue plane arrived.

Make Way for the Impossible!

This picture is certainly the height of something or other. Yes, you can believe, it is a cat mothering skunks. It all happened when a kind-hearted Flint, Mich. man found the motherless skunks, borrowed the mother cat from a friend, and recorded the event for future peace conferences.

If Violence Continues

Martial Law Probable For All of Palestine

By Eliav Simon

JERUSALEM, July 25—(BUP)—Exploding mines aroused all of Jerusalem early today as the Jewish underground pressed its anti-British campaign that may lead to all of Palestine being put under virtual martial law.

TWO BRITISH armored cars patrolling the outskirts of Jerusalem touched off mines, but miraculously escaped destruction.

Other blasts occurred in the Mt.

JERUSALEM, July 25. — (BUP)—A violent explosion rocked Jerusalem early tonight just as the curfew took effect. It was reported to be in the vicinity of the Goldsmith Officers' club, which was bombed last March.

Carmel area of Haifa when British troops discovered two mines and exploded them harmlessly. The public information office, announced, however, that two British soldiers were injured last night by mines which blew up their truck.

Hagana, the moderate Jewish underground organization, de-

(Continued on Page 2)

City Unemployment Lowest in 29 Years

Edmonton's unemployment situation is the lowest in 29 years, according to W. G. Paterson, assistant manager of the National Employment Service. "It's the lowest I have seen it in the 29 years I have served with the employment service," Mr. Paterson stated today.

Total number of unemployed in Edmonton according to Ottawa figures was 1,903, 1,475 men and 428 women. Of these, 530 are veterans of both world wars.

Edmonton has less than 20 unemployed persons for every 1,000 of population. This is one of the lowest unemployment rates in Canada, compared to figures released by the federal department of labor today, based on July 3 statistics. Winnipeg has 31 unemployed per 1,000 workers, Vancouver 31, Calgary 41, Saskatoon, 39 Regina 29, and Trail BC, 25. These figures give Edmonton the rate of 32 unemployed persons per 1,000 of population, but since July 3 the rate has dropped.

The figure is not expected to go any lower, according to Mr. Paterson, who said that there were more unemployed in Edmonton during the war than there are at present.

Partially balancing the unemployed figure for last week of 1,903 is a total of 800 unfilled vacancies.

Worst unemployment area in Canada is in the Sydney and New Glasgow areas of Nova Scotia.

Chopped Up Wife

MAIROBI, Kenya, July 25. — (Reuters) — An African in the Kapsabet district of Kenya today was committed for trial for murder—for allegedly chopping up his wife with an axe and trying to eat her. The Kenya information office said. "The accused denied any knowledge whatever of his somewhat unusual behavior."

Sixteen Missing

TOKYO, July 25.—(AP)—Sixteen persons were missing after an overladen ferry capsized in the swollen Yoshino river on Shikoku Island early today, Kyodo news agency reported. Eighteen other passengers were rescued. The accident occurred near Tokushima, on the island's northeast coast.

19 Polio Cases

REGINA, July 25.—(CP)—With three tmore cases of poliomyelitis in Regina reported to the provincial health department, Saskatchewan's total for the year now stands at 19, Dr. H. S. Doyle, director of the department's communicable diseases division said today.

New Disaster in Illinois

27 U.S. Coal Miners Killed in Explosion

WEST FRANKFORT, Ill., July 25—(AP)—Twenty-seven miners lost their lives in an explosion yesterday in one of the state's largest mines in the heart of the southern Illinois coal fields.

Twenty-six of the approximate 200 miners at work in the diggings 500 feet underground were found dead

WEST FANKFORT, Ill., July 25—(AP)—John L. Lewis, United Mine Workers chief, arrived here by automobile today for an inspection of the mine in which 27 coal diggers perished from an explosion yesterday.

about half a mile south of the of the bottom of the shaft at the main entrance of the Old Ben Coal Company's No. 8 mine.

One of the five seriously burned and injured in the blast died today in hospital.

THE BODIES of all 26 had been brought to the surface early today by rescue squads and were placed in an emergency morgue set up at the Central Junior High School gymnasium. Relatives who remain-

(Continued on Page 2)

Surfacing Highway West of Edmonton

Black-topping on the Jasper Highway from Seba Beach Corner to Edmonton commenced Wednesday, Hon. W. A. Fallow, minister of public works, said Friday.

It had been hoped that this operation would have been commenced some days before, Mr. Fallow said, but some delay was experienced in obtaining the necessary asphalt from the Husky Refinery at Lloydminster. The topping produced by this plant is the "very best type" for this work, Mr. Fallow said.

Work Proceeding On North Plant

Construction is "in full swing" at the Bitumont pilot plant in the Athabasca oil sands area, Hon. W. A. Fallow, minister of public works said Friday. All machinery, and materials necessary for the construction are on the site now and work is proceeding rapidly.

Mr. Fallow hesitated to predict a date on which construction would be complete and production at the plant commence.

The Legislature at the 1947 session, approved the terms of an order-in-council passed in September 1946, to advance the Bitumont Holding Company and Oil Sands Ltd. a further $100,000 in advance for the construction of this project.

This brought to a total of $500,000 the amount of governmen' funds invested in the pilot plant.

Ex-Congressman Gets Jail Term

WASHINGTON, July 25—(BUP)—Former congressman Andrew J. May and the Garsson brothers were sentenced today to serve terms of eight months to two years for fraudulent conspiracy and bribery.

Federal Judge Henry A. Schweinhaut imposed the same sentence on May, Henry Garsson and Murry Garsson.

The sentences came after impassioned pleas for leniency were made by counsel, and by May and Henry Garson personally.

Schweinhaut said that in view of the fact the defendants were planning an appeal he was releasing them in continued bond of $2,500 each.

The heads of all three men dropped as the court imposed the sentences and they stood silently before the bench until after the court recessed.

Guard Residence

LONDON, July 25. — (AP) — A special guard has been posted around picturesque Sunninghill Park, Berkshire estate rumored as the honeymoon residence of Princess Elizabeth and Lieut. Philip Mountbatten, to keep away 30 or 40 squatters' families who have threatened to occupy buildings on the grounds.

Still No Showdown On Balkans Case

LAKE SUCCESS, N.Y., July 25.—(BUP)—The United Nations Security Council ended the fourth successive week of its Balkans debate today without a showdown between Russia and the western powers on the American plan for peace-keeping machinery in southeastern Europe.

Dr. Oscar Lange of Poland, council president, adjourned the debate until Monday after a two-hour session during which the United States and Russia into far-reaching discussion over the peace-keeping powers of the security Council.

Lange said delegates would have to settle the month-old case next week without fail, bringing to a vote the American plan for an 11-nation, long-range UN commission to police the Balkans.

The American-Russian disagreement over interpretation of the UN charter threatened to affect many future actions of the council.

Fisheries Support Board Established

OTTAWA, July 25—(CP)—Establishment of the fisheries support board authorized by parliament at the last session of Parliament was announced today by the fisheries department. Stewart Bates, deputy minister of the fisheries department, will head the five-man board, with W. Stanley Lee, president of the Fisheries Council of Canada and associated with the fisheries firm of O'Leary and Lee, Halifax, will be its vice-chairman.

California Quakes

LOS ANGELES, July 25—(AP)—Three light earthquakes in the Los Angeles area and six in the San Diego district caused seismographs to jiggle in Southern California yesterday, but no damage was reported.

Howe in London

LONDON, July 25.—(CP)—Reconstruction Minister C. D. Howe and Mrs. Howe arrived here by air today after a "pleasant journey" from Canada.

Initial Phase Of Operations Completed

By Stanley Swinton

BATAVIA, July 25—(AP)—A fully-qualified Dutch source said today the first phase of Dutch operations against the Indonesian Republican Army—aimed at isolating central Java from the rice-producing east and west—had been completed.

REPORTING from the Republican capital of Joglakarta, deep in the interior, Associated Press Correspondent Harris Jackson said official Republican sources obviously foresaw the possibility that the Dutch would capture the main part of Java, but insisted the Indonesians would render the Dutch position continuously precarious with guerilla warfare.

The Dutch informant here said

Welfare Hearing To Open Aug. 13

Hearing of evidence by the commission appointed to investigate conditions in Alberta child welfare work, will commence in the Edmonton court house at 9 o'clock the morning of Aug. 13. Hearings will be held every week day including Saturday until all evidence is in. Daily hearings will conclude at 1 p.m.

Chief Justice W. R. Howson, of the trial division of Alberta Supreme Court is chairman of the commission. Chief Judge J. W. McDonald, Calgary and Judge E. B. Feir, Lethbridge, are other commissioners.

Commission counsel is J. C. Mahaffy, KC, Calgary, and the government counsel J. J. Frawley, KC, of the attorney-general's department.

Ex-Alta. Doctor Jailed for Year

OTTAWA, July 25.—(CP)—Adna Mason Reeves, 47, former Alberta physician, yesterday was sentenced to 12 months definite and six months indeterminate on a charge of illegal possession of narcotics.

Magistrate Glenn Strike, passing judgment, said that as the accused was a confirmed drug addict, consideration must be given as to what length of incarceration would be good for the man.

Evidence at the close of a trial showed that on two occasions Reeves had used his status as a doctor to obtain narcotics from Ottawa doctors. The defence admitted that Reeves was a drug addict, but asked for clemency on the grounds that on five occasions he had voluntarily tried to cure himself without success.

Wednesday, Magistrate Strike committed the RCMP's handling of the case, on the grounds that they had used improper methods in establishing the accused's testimony.

Vote Twenty to 0 For Military Plan

WASHINGTON, July 25.—(AP)—The House of Representatives armed services committee today approved a universal military training bill by a vote of 20 to 0, Chairman Walter G. Andrews (Rep.-N.Y.) told reporters immediately that there is no intention of bringing the bill to a house vote this year. He said the committee action is intended solely to get a bill before Congress.

DEATHS Recorded Today

Geistlinger, Phillipine.
Louth, William Cornwallis.
MacDonald, Henry John.
McMillan, Alice Margaret.
Wyatt, Dorothy Mary.
Small, Pearl.
Wells, Frederick C.

VETERAN'S WIFE LOSES WALLET

Many a story is told in the Lost and Found columns of a daily newspaper — invariably, persons that lose valuables are the very ones that can ill afford to do so. In to-day's "Want-Ad" section ("Lost and Found") class "G" a Veteran's wife is appealing to the honesty of someone in Edmonton to return her much needed wallet containing $90—her husbands first earnings since returning to civilian life.

Another advertiser is seeking the return of her Brown Leather Change Purse—lost in the downtown area.

Most lost articles are returned to their owners because most people are honest — Bulletin LOST and FOUND "Want-Ads" are received up to 11 a.m. daily for the next day's newspaper.

6 From Nascopie Flown to Winnipeg

WINNIPEG, July 25—(CP)—The amphibian aircraft "Polar Bear," operated by the Hudson's Bay Company, landed at Stevenson field here at 12.30 p.m. today, carrying six passengers from the ill-fated Arctic supply ship Nascopie which was stranded off Cape Dorset, Baffin Land, last Monday.

Aboard were James W. Anderson, eastern Arctic manager for the company, purser H. W. Chitty of the Nascopie, Mr. and Mrs. S. A. Sigvaldson of Arborg, Man., and Mrs. Norman Ross of Winnipeg and her four-year-old son, Billy.

Mr. Anderson will confer with company officials here regarding plans for the transfer to civilization of the Nascopie's remaining passengers and crew, awaiting relief at the tiny missionary post of Cape Dorset.

Want Early Trial Of Greek Plotters

ATHENS, July 25—(AP) — A United States embassy spokesman said the Greek government had been advised in a "friendly, informal manner" of the United States' desire for early trials of persons arrested recently in connection with the alleged Communist plot against the regime.

He said his government's attitude was that innocent persons should be released as quickly as possible and that assurances should be given of "humanitarian treatment" to those detained.

First Unit in 1948

New Composite High Held Up for Steel

Construction on the new super - streamlined $1,500,000 Victoria composite high school has been seriously delayed because of structural steel shortages, it was announced today by Max Dewar, city architect.

NO STEEL has been available since the foundation and main floor slab of the "20th century" school were laid last fall, but first shipments of structural steel are expected within the next week, according to latest reports from manufacturers.

"We could have had the first wing of the school finished by now but for the delays," said Mr. Dewar, who designed the school.

The new two-storey school will be one of the most up-to-date in North America. It will be built on the unit system. First wing of the building, to be located near the present Victoria high school between Kingsway, 108 avenue and 101 street, will be finished by next year if no further delays are experienced. It will cost about $750,000.

THEN WORK will begin on the next $750,000 unit, a recreation wing with a gymnasium, an auditorium which will be available for community use, a cafeteria, and a swimming pool—35 feet by 75 feet.

The wing at present under construction is a technical shop-academic structure.

It will house a shop built on the assembly-line basis so that students attending will gain experience in an environment very similar to actual industrial plants. Most school shops are not constructed on that principle, stated Mr. Dewar.

The academic section will contain a library, art rooms, laboratories, and classrooms, although complete lecture rooms for such subjects as English and social studies will not be available in the new school until the third unit is built.

THE PRESENT Victoria High school probably will be used as the commercial section of the school, when the third unit to house other classrooms is completed.

The new school is expected to house between 1,200 and 1,500 students, compared to present Victoria high school enroiment of about 700.

The streamlined composite school will measure about 600 feet from north to south, and about 350 feet from east to west.

NEW LIGHTING and ventilation principles will be installed and other modern facilities will be almost "countless," according to Mr. Dewar.

A public address-radio system, complete to provision for frequency-modulation broadcasting, will be installed in the first unit.

THE SCHOOL actually will contain a small broadcasting studio, stated Mr. Dewar.

Every classroom will be connected with the PA system, and connected to outside radio stations will enable teachers to use radio in their lectures.

Some species of coral live alone, unlike the colony-minded coral whose heaped up skeletons create islands in the Pacific.

Kiwanis Club Gives Negro $3,200 Cheque

AHOSKIE, N.C., July 25 — (AP) — The Ahoskie Kiwanis Club gave Harvey Jones a $3,200 cheque yesterday to compensate the 25-year-old negro war veteran for loss of a Cadillac he won in a club raffle last month but failed to get because of his race.

The presentation was witnessed by the entire membership of the local Kiwanis Club and by the organization's International President, Dr. Charles W. Armstrong of Salisbury.

Jones received the delegation without show of excitement.

His wife, Pauline, was more excited.

"It is wonderful," she declared. "Now we can have what we have always wanted."

Jones explained that she meant a home.

Governor-General

(Continued from Page 1)

plane flew in to pick them up. In the party were the governor-general's secretary, Maj.-Gen. H.F.G. Letson, and his aide-de-campe, Capt. David Lloyd-Thomas.

The aircraft sent from the RCAF base here made a safe landing on an emergency strip near the stranded boat but it was only the beginning of "experiences" for the then weary travellers.

AFTER LOADING its passengers the plane set out for Dawson, but owing to adverse weather conditions, smoke from forest fires in the area, and squall storms, had to alter its course.

There were a few anxious moments for the party as the plane headed for Snag, Y.T., a northern weather post, to refuel.

Here they ran into poor visibility and had to alter their course again.

A forced landing anywhere along this route would have left them marooned in heavy bush country where only the odd trapper or Indian might stumble across them while checking his traps.

AFTER AN EXCITING flight which saw the big plane race from place to place in an effort to try to land it finally set down at Alsike, about 100 airmiles northwest of Whitehorse, refuelled and set off again for Whitehorse arriving at 7:30 p.m. (M.D.T.).

None of the party was any the worse for the experience, they saw a lot of country, on their boat-trip-turned-aerial-tour. In the land of the midnight sun—even though the trip to Dawson City had to be cancelled.

TODAY VISCOUNT Alexander and his party will leave by plane for Norman Wells, N.W.T., on the first leg of a flight which will take them to Port Radium, Yellowknife and Fort Smith. They are expected to return to Edmonton July 30 before returning to the east.

Drought Hits Crops

(Continued from Page 1)

duces at least 50 per cent of the Canadian grain crop, the situation varies from good in most sections to the excellence o Rouleau and the Regina plains.

The weekly crop report of the Canadian Pacific Railway's agriculture department, issued today, places damage in the stricken areas at from 10 to 70 per cent.

DROUGHT HAS STRUCK also at the southern and southeastern districts of Alberta where the same report estimates damage ranging from five to 50 per cent but, as in the case of some Saskatchewan areas, a prompt rainfall might aid toward a major recovery. None, however, was in immediate prospect.

Manitoba appeared in the best position although a continuation of hot, dry weather might seriously deplete moisture supplies. To date, damage to barley, flax and oats—apart from that caused by the flooding Assiniboine river early this month has been because of too much rain rather than too little.

A series of thundershowers sprinkled the prairies during the last 24 hours but the rain fell most generously where it was least needed—in eastern Saskatchewan and western Manitoba.

DESPITE THE isolated failure-areas, however, agricu turists now place the general position of the western crop as about the same as at this time last year. They feel that the 1946 harvest of 418,000,000 bushels—a good but not bumper crop—likely will be equalled but not exceeded.

54 Are Arrested In Mosque Raid

NEW DELHI, July 25—(AP)—A police raiding party last night invaded a large Delhi mosque and arrested 54 Khaksars who had taken refuge within the sacred walls after drawing police gunfire in a violent demonstration. A police announcement said the Khaksars, armed with spades, offered no resistance to the raiders who, with the exception of four officers, were all Moslems. The police removed their shoes before entering the mosque in deference to religious custom.

Return to London

LONDON, July 25.—(Reuters)— The Royal Family, with Lieut. Philip Mountbatten, Princess Elizabeth's fiance, arrived back in London today after their Scottish tour.

War in Java

(Continued from Page 1)

the next step for Dutch troops would be to mop up zones of resistance in the eastern and western parts of the island and install new administrators.

A Netherlands Army communique said mopping up already was begun in the eastern part of the island.

An Indonesian Army communique reported that Republican forces in central Java had penetrated Dutch defences at Semerang on the north coast, jumping-off point for a Dutch drive on Jogjakarta. The city is 60 miles north of Jogjakarta.

A DUTCH communique said Dutch forces which swept past six more western Java towns found evidence of Indonesian scorched earth tactics.

The communique said two rubber estates captured in west Java suffered badly and there was destruction and burning at Tjitjatengka and Madjalaja. Air reconnaissance showed the important west Java radio station at Malabar ablaze the bulletin added.

In northern Sumatra, fierce tribesmen counter-attacked twice against Bindjal, west of Medan, the communique said, but were officially reported driven off. The remainder of Sumatra was said to be quiet.

Official Dutch casualty figures since the start of operations were given as 32 killed, 41 wounded and seven missing. Normally these figures lag considerably behind operational reports.

SYDNEY, Australia, July 25—(CP)—Hundreds were involved in a riot today when Australian university students and dockers marched to the Dutch consulate to protest against Dutch policy in Indonesia.

Police snatched banners and pamphlets from the demonstrators and fights started in which several men were knocked down and carried away bleeding. The Dutch consulate staff poured water on the rioters from windows.

THE CROWD shouted "we want peace, not bashiaps." Special police squads were rushed to the spot and finally quelled the disturbance after making many arrests. The demonstration was organized by the Sydney University Labor club after the ban decided on by the federal executive of the Australian waterside workers federation on the loading of all Dutch ships in Australian ports.

27 Miners Die

(Continued from Page 1)

ed at the mine throughout the night during rescue operations sought to identify the victims.

Work was hampered by carbon monoxide gas and the last three bodies found were buried beneath coal and debris.

Harold L. Walker, Illinois director of mines and minerals, said many bodies were badly burned. Cause of the blast has not yet been determined.

RESCUE TEAMS worked frantically to reach the men in the belief they had been trapped in rock slides and might be alive. However, early today Walker said all 26 risen were dead.

Of the estimated 200 day shift workers in the diggings those who escaped fled through an auxiliary air shaft equipped with stairways for emergencies.

The blast occured within one day of four months from the explosion last March 25 at the Centralia (Ill.) coal company's mine which cost the lives of 111 miners.

Palestine

(Continued from Page 1)

nounced some of the violence, warning that the British were preparing to place all of Palestine under statutory martial law.

A BROADCAST by Hagana warned the population to beware of persons "who are playing into the hands of the British Army by provocative, unnecessary kidnappings, mine explosions and shootings of the innocent."

Hagana also reported that British warships were trailing another illegal immigrant ship, "Return to Zion," which was approaching Palestine.

THE FATE of 4,500 Jewish refugees taken from the President Warfield, which the British seized last week, remained uncertain. They were aboard three British transports bound for the French port of Ville France, but French officials disputed over what kind of reception they would receive.

Fails in Attempt To Drown Wife

KEARNEY, N.J. July 25—(AP)— A nocturnal battle, knee-deep in the Passaic river early today, ended in the death of a 23-year-old Newark waitress who was stripped of almost all her clothes in a struggle to elude her assailant.

Police said that the victim's husband, Louis Elipos, 24-year-old truck driver, signed a statement in which he admitted he beat his wife, Jean, after he had failed four times to thrust her head under water in an attempt to drown her.

Police said Elipos, held for questioning, said in the statement that he tricked his wife into going to the river bank, where he intended to drown her and then commit suicide.

China to Join Talks on Japan

NANKING, July 25—(AP)—The Chinese foreign office stated today that China had agreed to participate at Washington in a preliminary conference on a Japanese peace. (The state department proposed recently that the preliminary conference be held in Washington or San Francisco, but Russia has objected.)

The Royal train was slightly delayed in the north of England due to a hotbox, but it made up the time lost and arrived in London on schedule.

Shortage of Labor To Get More Acute

OTTAWA, July 25—(CP)—The labor department, reporting strained manpower resources generally and "most urgent" situations in the primary industries, said today Canada's labor surplus was 22,000 below the 1946 minimum and 63,000 below the level at this time last year.

The general shortage of labor supply, it said in a resume of the manpower situation, "will likely grow even more acute within the next few months since peak employment will not be reached until October."

The national employment service had 112,000 unplaced applicants registered July 10, compared with 118,000 a month before and 175,000 a year ago. The surplus was chiefly made up of workers who were only partially qualified, over-age, physically unfit, or whose "skills do not match the vacancies locally available." Among them were 79,000 males and 33,000 women.

Unfilled vacancies totalled 91,000 July 10 compared with 108,000 a month before.

Reports of Subway "Just Rumors"

Reports of a subway to be constructed on Whyte avenue and 103 street are "just rumors," stated Mayor Harry Ainlay today.

"We have not asked the railway commission for a subway at that railway crossing," said the mayor.

He added, "If such a move is ever contemplated, it will be a good many years before we ask the railway commission for such a subway."

A subway at the Whyte avenue crossing is not deemed necessary, since trains stop before they reach the avenue, and there are no "through" trains.

MacKinnon to Head S.A. Trade Mission

OTTAWA, July 25—(CP)—Trade Minister MacKinnon announced today he will head a trade mission to South Africa next September in an effort to stimulate further trade between Canada and her sister Commonwealth. The minister, who will be accompanied by a group of Canadian industrialists, said he had received an invitation from the government of the Union of South Africa. He will confer with government authorities there, the chamber of commerce in Johannesburg, and various other associations interested in promoting Canadian-South African trade.

Repulse Rebels

(Continued from Page 1)

10 miles east of the Albanian frontier.

THE GREEK 2nd Army Corps said at Larissa that reinforcements had been moving toward Grevena since early morning and the situation was "developing favorably."

Second corps officers said the guerillas would "either be repelled or crushed." The guerillas had not actually entered the town, it was said.

Press dispatches said a 24-hour pounding by Greek Army artillery and aircraft had routed 600 guerillas in a major engagement west of Lamia, 100 miles northwest of Athens. Unofficial reports said 200 casualties were inflicted on the rebels.

Meat Contract

LONDON, July 25.—(AP)—An Anglo-Uruguayan meat contract covering sales of Uruguayan beef and mutton to Britain until 1950 was signed today by Senator Gustavo Gallinal and ministry of food officials.

Even when a baby is old enough for sunbaths, the eyes should be given special protection, says health authorities. An infant should be shielded from direct rays of the sun until able to move about easily.

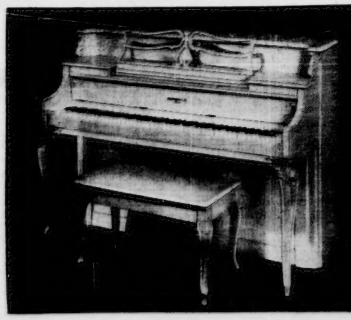
TODAY -- As Always ...
The HEINTZMAN
is Built by the Heintzman Family !


HEINTZMAN YORK LOUIS. IN WALNUT, MAHOGANY OR BLEACHED
Theodore A. Heintzman built his first piano in Toronto nearly a century ago. Today, the third and fourth generations of his descendents are actively engaged in building Heintzman pianos. Their unfaltering guide is, and always has been, the perfectionist ideals which inspired Mr. Heintzman during his lifetime.
Members of the Heintzman family supervise every phase of the building of this superb instrument . . . from selection of materials to the consummate craftsmanship that invests the Heintzman with its matchless tone and durability.
The perfectionist tradition of the Heintzman family is active today. It remains your assurance that this instrument will continue to honor its owner and the host of celebrated artists who have chosen Heintzman as the piano supreme.

DISTRICT NEWS IN BRIEF

Red Deer's 57th Fair Opens Next Thursday

RED DEER, July 25: Entries are coming in fast for Red Deer's 57th annual Fair to be held on Thursday, Friday and Saturday of next week, and directors are looking forward to keen competition and an excellent show in cattle, horse, sheep and swine shows as well as women's work, cooking and children's classes.

A number of special features are being held in connection with the fair. There will be the provincial dairy calf club show, the Red Deer calf club show, Herford and Ayrshire breeders' days. Prize money has been considerably increased this year, and some new classes have been added, particularly in the women's department.

There are indications of a good enrolment in the camps being held for farm boys and girls. These camps will be in session for the full three days with programs of instruction and entertainment.

Programs for grandstand crowds promise to be better than ever. The race committee has lined up horse races, cart races and chuck wagon races and the Red Deer Derby will be a highlight of the card. Grandstand attractions are reported to offer a wide variety of entertainment. Wallace Brothers show will furnish the Midway.

The fair will open on Thursday night with a complete grandstand performance and for the next two days there will be two shows each day. Official opening takes place on Friday afternoon when Hon. D. B. MacMillan, Alberta minister of agriculture, will speak.

F. A. Stewart is president of the Red Deer Agricultural Society this year with D. W. Robertson secretary. They are assisted by a directorate made up of men and women from the city and district.

Found Dead

BELLIS, July 25. — Mrs. A. Dewda, well-known in the Bellis district, was found in a patch of weeds near her farm home, last Tuesday morning. Her husband is working in B.C.

The body was found by her son, who were returning from the fields. The farm is located eight miles east of Bellis.

Teachers Resign

FERINTOSH, July 25. — Mrs. Arnold Kuhnke and Miss Olga Melnyk have resigned as teachers at the Ferintosh school. Miss Doris Saby, of Bawlf, is to be teacher of the primary room.

It was learned today that a pump has been installed at the school well.

To Harvest in U.S.

ROCKY MOUNTAIN HOUSE, July 25.—Fred and Alfred Woehler, of Chedderville have arranged to take a new combine to the United States for harvesting and will leave soon for western Kansas. They intend to follow the harvest north. They expect to return to Chedderville about Sept. 1.

Arrange Games

RED DEER, July 25.—In an effort to catch up on some of the postponed games in the Central Alberta Baseball League, the Red Deer team lined up four games in the next few days. Rex Hungle, president of the club, who is also acting as coach and manager of the team, will take his boys to Rimbey tonight. On Saturday they will entertain Nordegg here. The game starts at 7 p.m. at the Fair Grounds. Red Deer will play two games on Sunday, going to Eckville and Benalto. Rain early in the season washed out games for all the teams in the league.

Returns to Bentley

BENTLEY, July 25.—Mrs. Esco Moore has returned from a trip to Portland and other points, where she visited with her daughters, Mr. and Mrs. Percy Wilton are spending this week at Banff.

Alan Hewitt has returned to Bentley after living in Montreal for a number of years while engaged in the radio business. He is accompanied by his wife and infant son.

Dick and Sherlie Moore left by car for the west coast, on a two weeks trip.

One car of California tourists sailing at Bentley, was that of Mrs. Anna Kossen, the former Anna Coggin. Mrs. Kossen is accompanied by her brother, Lloyd Coggins, who was a Jap prisoner for three and a half years. He was in the medical branch of the U.S. navy. They are going to Jasper to visit Tommy Coggins, another brother, formerly of Bentley, and are looking up old timers in this district. Mrs. Kossen's home is in San Francisco.

The boys' Camp at Meridian beach, is attended by 65 boys. The Rev. R. Christy of Ponoka is the director, and Rev. C. C. Armstrong is camp master.

Attend Meeting

FERINTOSH, July 25. — The Rev. and Mrs. D. A. Prescott and daughter, Margaret motored to Red Deer, to the Baptist camp meeting at Red Deer Lake, July 20. Miss Prescott is staying over for the duration of the camp.

Dies Suddenly

ROCKY MOUNTAIN HOUSE, July 25.—Miss Sue Jane Hankinson, youngest daughter of the late Mr. and Mrs. Rowlen Hankinson, died here suddenly last Saturday.

Miss Hankinson was born in St. Thomas, Ontario, and came west with her parents when she was a child.

She is survived by one sister, Mrs. J. A. Driscoll of Vancouver, who with her husband flew here to attend the funeral.

A funeral service will be held in the Holy Trinity church and burial will take place in Pine Grove cemetery.

Out of Running

RED DEER, July 25—Red Deer AAA Selects are out of the running in the Alberta intermediate men's "B" fastball play-offs, having lost to Wimborne in the first round. Wimborne won the first game of the series by a 12-3 score here and at Wimborne they chalked up a 10-6 victory in the second game of the two out of three series.

Wilton Mayberry, chairman of the Red Deer Amateur Athletic Association's fastball committee, was manager of the team, and George Dillon was coach. The team was made up of players from North Red Deer, the 78th Battery, the Canadian Legion and the vocational training centre teams.

Chickens Stolen

HANNA, July 25.—The crime of some sneak thief was reported here recently by Mrs. Robert Buller who states that several of her chickens were stolen one night recently.

Tourist Traffic May Set Record

OTTAWA, July 25.—(CP)—After a slow start, a rising tide of American tourists is flowing into Canada, raising speculation that tourist traffic this year may set an all-time record for this country. Where 772,400 foreign vehicles crossed the border for Canada in June last year, 862,400 crossed in June this year.

Yemen's Royalty

Son of the King of Yemen, Prince Seif Al Islam Abdullah arrives at LaGuardia Field, N.Y., by plane from Cairo. The royal visitor is in the United States at the invitation of the government and hopes to establish trade relations between Yemen and U.S.

Rain Hinders Fair At Lloydminster

LLOYDMINSTER, July 25—Citizen's day, Wednesday, at the Lloydminster exhibition was interupted by a sudden thunder storm, accompanied with heavy rain about 5:30 in the afternoon. Shelter in the exhibition grounds was not sufficient to protect the throng from the heavy downpour, in spite of the fact that every conceivable kind of covering was brought into use. The rain came soon after the close of the afternoon grandstand performance and many who enjoyed a picnic lunch in the spacious grounds were caught in the midst of their afternoon activities. The ball diamonds were flooded making it impossible to complete the ball tournaments. Although the sky kept cloudy the rain ceased about 6:30 and a performance was put on in front of the grandstand at 8 p.m. at which there was a larger crowd than was anticipated in view of the weather conditions. Up until the time of the storm the exhibition had been favored with the best of weather.

Wallace Brothers shows opened up the midway after the storm. Although the final figures are not tabulated yet, the management expressed itself as pleased with the results of the 1947 exhibition, and plans will be made immediately for improvements for the 1948 show.

The addition of two new buildings on the grounds, one a barn and the other to hold exhibits proved their worth this year, and they are. It is understood, only a small start to bring the local fair grounds to the level of any in the west.

Mayor, Alderman Are Out of Office

DRUMHELLER, July 25—The mayor, and an alderman, of Drumheller today were out of office for the second time since May 26. It was ruled, on legal advice, that the resignations of Mayor Wilfred Poxon and Alderman H.N. Dutton, submitted May 28, but later reconsidered, were still valid.

The two had walked out of a heated meeting May 26, leaving their resignations on the table, but later, at the request of 500 taxpayers, withdrew them.

Mr. Poxon and Mr. Dutton were out of town on vacation at the time of the ruling, and had not been advised last night that they were no longer in office.

At the meeting, Alderman Russell Kidd was unanimously elected mayor and a by-election will be held to name two new councillors. Nomination day was set at Aug. 4 and the election will take place the next week.

The issue arose over a difference of opinion on city improvements. The mayor and the alderman returned to office at the request of the 500 taxpayers, but later council received a letter from other taxpayers stating that the two were holding office illegally.

Inspects Roads In Breton District

BRETON, July 25—Some of the main roads in the Breton district were inspected recently by Hon. R. E. Ansley, minister of education.

Mr. Ansley stated that it is the intention of the government to finish the gravelling by the fall of this year. As soon as the water level in the Saskatchewan River permits, gravel will be hauled to the road. The remaining four miles of grade to Breton may be built if local equipment can be obtained.

Mr. Ansley also touched on the recent oil discoveries near Calmar and the government endeavors to protect the farmers where oil companies wish to drill. He said a board had been appointed to look after the matter.

English Bride Dies At Pouce Coupe

POUCE COUPE, July 25—A funeral service for the late Mrs. Joyce Holmes who died suddenly at the Pouce Coupe Hospital was held from Christ Anglican Church at Pouce Coupe Wednesday afternoon with Rev. Smith officiating. Mrs. Holmes was an English war bride, being born at Hants, England in 1926. She met her husband while he was serving with the Canadian army overseas, and has resided here for about a year. Funeral arrangements were in the hands of the Pouce Coupe Canadian Legion with the following branch members acting as pallbearers: P. A. Dawes, E. Hay, B. Wragg, C. Wallis, M. R. Laloge and J. Laloge. Burial was in the Dawson Creek cemetery.

Overseas Visitors Arrive at Rocky

ROCKY MOUNTAIN HOUSE, July 25—Many visitors from overseas have arrived here to visit relatives and friends. Among the visitors are Misses Nellie and Alice Pope, Miss Florence Strong, Miss V. Chilvers, Miss M. Bradley, all from England and Mrs. A. Nelson of Sweden.

All stated they find Canada a delightful country, and much larger than they had expected.

Red Deer Cadet Going to England

RED DEER, July 25—CPO James B. Hackett, of the Red Deer Sea Cadets, leaves on Saturday on a trip to England. Twenty-five cadets from all parts of Canada will meet at Montreal and then proceed to Halifax where they will sail on Aug. 2 on HMCS Warrior, Canadian aircraft carrier. The cadets will be guests of the Royal Navy and it is expected that they will take training at Plymouth, and leave for Canada about Aug. 21.

CPO Hackett was selected to represent Southern Alberta from candidates chosen at Medicine Hat, Lethbridge, Calgary and Red Deer. He is a son of Mr. and Mrs. A. G. Hackett, Red Deer, and has been in the sea cadets for three years. He is in his 18th year and attending the Red Deer High School and is a member of the Red Deer Junior and senior baseball teams.

Sahara is the Arabic word for "wilderness."

Star Walks Out On Radio Show

HOLLYWOOD, July 25—(AP)—British-born Rex Harrison, the movie actor, walked out of a radio guest star spot, he disclosed yesterday. Too much spoofing, you know, and one line he interpreted as an ill-advised jest at King George. Harrison bowed out of the part at a rehearsal for NBC's Eve Arden show. There was a studio audience at the rehearsal and NBC hastily shoved Danny Kaye into the role. The script was revised.

Polio in Britain

LONDON, July 25.—(Reuters)—Three hundred and ninety-eight cases of infantile paralysis were reported in England and Wales during the six months ending June 28, Aneurin Bevan, minister of health, said in a written reply in the House of Commons yesterday.

Many Cases of Flu

HANNA, July 25.—Many cases of influenza have been reported here. It is not very severe in some cases but is quite bad in others.

Bill Is Invalid

As was widely expected, the judicial committee of the privy council has ruled the "Alberta bill of rights" invalid "as a whole" and ultra vires the provincial government.

The judicial committee, in fact, went further than the appellate division of the Alberta supreme court in its rejection of this legislation, holding that, since the bill was a legislative whole, it could not be partly right and partly wrong.

The disallowance of this bill was a foregone conclusion from the first since its obvious flouting of the Canadian constitution must have been apparent to almost everybody.

It is quite plain in the British North America Act that trade and commerce and currency and credit are exclusive functions of the federal government. And it is a principle of law that no one legally can do indirectly what it is specifically forbidden to do directly.

And certainly it is an affront to common sense, as well as to the constitutional law of the country, that provinces should attempt to set up economic systems not in accord with the systems of the remainder of the country. If Canada were permitted to have nine inharmonious economic systems, there would be chaos.

The bill, then, is disallowed as nearly everyone knew it would be. It is difficult to see how the privy council could have done anything else.

Alberta's Crop Outlook

With good luck and a little more moisture, Alberta could take off, this year, the biggest wheat crop in the history of the province. But the critical days lie just ahead. Heat will not help in late July and early August, but more rain is needed everywhere.

There are approximately 7,201,000 acres in wheat in Alberta this year. Out of the 16 districts into which the province is divided for purpose of crop comparisons, the outlook in six is fair to good, in five it is good, in one it is very good, in three it is fair and in only one is it poor.

Damage, up to date, from heat, wind, hail, frost and cutworms is variable. There is no damage at all in five districts, there is 5% damage in two districts, none to 10% in two, none to 5% in one, 10% in one, none to 15% in one, 4% in one, none to 35% in one, 8% in one and 15% in one.

Altogether this is a very favorable situation for this time of year and should moisture in adequate quantities arrive soon enough, Alberta, as a whole, may produce a bumper crop.

Edmonton's Growth

Final figures released by the Dominion bureau of statistics, based on the 1946 census, show that the population of the city of Edmonton has increased by almost 20,000 in a five year period.

Calgary, it is shown, gained from 88,904 to 100,044 between 1941 and 1946.

The final count for Edmonton shows a growth from 93,817 in 1941 to 113,116 in 1946.

This is a population enlargement of more than 20 per cent.

This increase in population is large enough to be exceedingly gratifying without being so large as to create a suspicion of mushroom growth.

It is the highest rate of growth at which growth can be sound and healthy.

When population increases too rapidly, it is usually due to some artificial and non-permanent factors. When population increases at the rate recorded here, it is due to natural and permanent factors. That is to say, Edmonton's population increase is a fixed one. It is here to stay.

This city has acquired a wholesome momentum of growth that should leave no doubt in the minds of intelligent men of its metropolitan destiny.

It's Being Done Now

Mr. Stassen, a prospective candidate for the presidency, suggests that, in order to allay discontent abroad and bolster world peace, the United States should "contribute" ten per cent of all it produces in the next ten years to countries which need help.

If this sounds strange that is only because words are sometimes more striking than action. In point of fact both the United States and Canada are now doing something very much like what Mr. Stassen proposes. They are "selling" and "loaning" food and other supplies to hard-pressed nations, with only a speculative chance that the debts can ever be paid.

If this is not "contributing" to relieve distress, it takes some optimism to suppose it will not amount to the same thing in the end. In most cases the beneficiary nations are not making such progress toward economic recovery as would build up confidence that they will be able to pay. But the flow of goods to them goes on, and nobody hazards a guess as to when the paying may start.

If the way to world peace is through the human stomach, neither the United States nor Canada is open to reproach for neglecting their opportunities in that regard. They are feeding the hungry abroad on a scale unprecedented in peacetime, and are marking down the items more as a matter of keeping a record than with any lively expectation of equivalent come-backs in cash or kind.

Still No Governor

The business of picking a governor for the internationalized territory of Trieste ran into new complications when the Big Five again found they couldn't agree on any of the availables. There were ten names on the list of volunteers for that high-salaried post of many duties and inherent danger. But one or other of the Big Five delegates black-balled every name as it came up.

At the end of the day Trieste was still without a governor-in-prospect; nobody was eligible to pick up the salary cheques; and the water works system, the street railway, the fire brigade, the police force of the community, were all fated to keep on running themselves for a while longer. Probably a good while longer, since the job of governor has been open for many months and seems no nearer filling than when it was created.

This does not augur well for the new venture in international government. The same prejudices or interests which blocked the selection of a governor will play their unhelpful parts to prevent whoever finally is selected from carrying on successfully. Trieste is one of the hottest of Europe's hot-spots, a place where racial, national creedal factors are in close contact and chronic hostility.

That is why the area was internationalized; to attach it to Italy or Yugoslavia would have precipitated a small scale war if nothing worse. But so far as the experiment has gone there is not much promise that making it a no-man's-land will induce any more internal or external harmony than resulted from the Danzig precedent.

Looking Backward

From The Bulletin Files

1887: 60 Years Ago

Reported that the police at Calgary have orders to disarm the Blackfeet because of their threatening demonstrations.

David Chevigny has opened a hotel, saloon and billiard hall at St. Albert bridge, North Side.

Jos. Rogers and Dr. Arlan leave today for Grand Rapids and Winnipeg by rowboat, taking with them Jas. Rogers, who has been dangerously ill for some weeks.

Nelson and Bourk brought rich specimens of quartz into the office of Sheriff Clarke-Ives, similar to those brought by Philledeau and party.

1897: 50 Years Ago

Hay cutting has started. The good crop is encouraging.

All dogs must carry tags after Saturday next, or be liable to be "captured, killed, or otherwise disposed of."

Bishop Reeve, of Mackenzie River arrived in town last night.

Rev. Mr. Holmes and Mrs. Holmes are in town from Slave Lake.

J. Walsh, the veteran fur buyer, has decided to retire from business in about a month, and will settle down at his farm at Rivenell.

1907: 40 Years Ago

The penitentiary system at Edmonton is now ready for the reception of its guests.

The census commissioner this morning announced the population figures for the cities and towns of Alberta. They are:

	1906	1901
Calgary	11,937	4,091
Edmonton	11,534	2,626
Strathcona	2,927	1,550
Lethbridge	2,325	2,072
Wetaskiwin	1,654	550
Red Deer	1,420	323
Macleod	1,144	796
High River	1,018	153
Lacombe	1,015	499
Cardston	1,002	639

1917: 30 Years Ago

London: A League of Britons has been formed to secure the trial and punishment of the Kaiser, and other highly placed Germans for the murder of Captain Fryatt and other victims.

Peace River Oil in considerable quantities has been struck at the J. D. McArthur well, 14 miles north of this place. The well is on Tar Island.

1927: 20 Years Ago

Winnipeg: Western Canada will require approximately 31,000 harvesters this year from Eastern Canada and the Pacific coast.

Trapping of beaver in Alberta has been forbidden for the coming winter.

The city is protesting to the Dominion against having to provide for immigrant families living in the city while awaiting deportation.

Short Wave Operators

BY CHESTER BLOOM

OTTAWA: Since Canada's expenditures on her foreign information service operated under the External Affairs department, and international short-wave programs are approaching a million dollars a year, a vigorous debate on United States operations of a somewhat similar character by Kent Cooper, executive director of the Associated Press, must have some interest in Canada. Mr. Cooper severely attacked the United States Office of Information and Cultural Affairs as "government propaganda disguised as news."

It is quite true that the operations of Canada's External Affairs information service are confined exclusively to countries outside of Canada. Samples of the kind of Canadian information sent out coincide with the department's claim that they consist of plain statements of facts on domestic affairs circulated to Canadian embassies, ministries and trade commissioners abroad. The Canadian policy is to furnish information to foreign inquirers only upon their application for it.

The press, however, is not so well informed on the type of information or programs that are being broadcast by the government short-wave station at Sackville, N.B.

☆ ☆ ☆

THE FULL TEXT of Mr. Cooper's criticisms was published in the May issue of Editor and Publisher. Among other things, Mr. Cooper whose standing as an executive of the Associated Press needs no review here, holds that the excuse that such government information is not being circulated at home is insufficient. Government news circulated at home would be under constant observation by the people who could call it to account. "Respecting propaganda abroad," he says, "they are hopeless."

Other chief points the Associated Press chief makes in his lengthy criticisms include these:

For the first time in history, the United States has adopted an old world practice, "long ago discredited and proved dangerous"—dissemination of propaganda disguised as news.

The U. S. government would have been more honest if it had said frankly that it had no control over what reputable U.S. news agencies transmit and, therefore, was at a disadvantage with Russia which owns, its own news agency, Tass. The people would then have seen that the U.S. had adopted the old world discredited practice of having its own official news agencies are quartered in government offices and carried on in support of government policy.

Such old world government news propaganda has helped to involve that continent and America in two world wars.

Mr. Cooper derides the term "Cultural" in the U.S. title; points out that Goebbels was titled Hitler's "Minister of Propaganda and Enlightenment." He says that though the United States has spent millions propagandizing itself in South America, he recently read a dispatch from a South American news agency saying: "Never before has the reputation of the United States in South America been so low."

☆ ☆ ☆

IT WAS HOPELESS, he argues, that U.S. propaganda could win over the Russian people to U. S. views for these reasons: the few Russian people able to hear the broadcasts are not going to turn upon their officials; in all the history of foreign propaganda there is no such evidence; the exact contrary has been the case.

"If a Communist," Mr. Cooper says, "listens to the United States broadcast, his reaction will be to hate capitalism all the more" just as a capitalist listening to the Russian broadcasts hates Communism all the more. "All of this is human nature—sum total, no change."

Reputable newspapers and radio stations abroad are suspicious of news offered them free; They prefer to pay the cost of news believing they will thus be guaranteed unbiased news. The other kind even require governments to pay them for publishing and disseminating the foreign propaganda.

The foregoing are some of Mr. Cooper's major points—he enumerates many others. They are at least worth some thought by Canadians. For this year the External Affairs department is getting $241,200 to carry on its foreign "information service," and last year, the government expended $419,874.71 in building the Sackville, N. B. short wave station, and CBC expended $548,137.07 in its operation and for programs broadcast abroad.

British Coalition

BY RANDOLPH CHURCHILL

LONDON: Those who believe that history repeats itself are pointing out that the Labor government which was formed in 1929 lasted exactly two years and three months. The present Labor government has been in power for just two years. Though history rarely repeats itself with mathematical fidelity, it is by no means probable that the Prime Minister Clement Attlee's government may fall within three months and be replaced, as was Ramsay MacDonald's Labor government in 1931, by a coalition government.

There is, of course, one important difference in the possible parallel. In 1931, Ramsay MacDonald's Labor government did not have a clear majority in Parliament; it was dependent for its existence upon the Liberal Party, which held the balance of power. The present Labor government is sustained by a majority of close on 200. Thus, the political necessity for a coalition government seems less clamant today than sixteen years ago.

☆ ☆ ☆

MOREOVER, the political events which led to the formation of the '31 coalition bit deeply into the heart of the Labor Party, and its rank and file are determined that the "betrayal" of '31 shall not be repeated. Mr. Attlee, for his part, is equally determined that he will never play the role of Ramsay MacDonald.

When MacDonald first entered into negotiations with the Tories for the formation of a national government, it was assumed that he carried his party with him and that the resulting coalition would be truly national. In the end, however, MacDonald was proved to be a general without an army. Although he became Prime Minister of the coalition government, only about thirty of his followers adhered to him. The remaining two hundred went off into active opposition and have never ceased to rail against MacDonald for "selling out to the Tories."

☆ ☆ ☆

HOWEVER, the leadership of the Labor Party is far stronger today than it was at the time of Mac-Donald. If Bevin and Morrison, Dalton and Cripps were all to agree that the time for the formation of a coalition government, probably nine-tenths of their party would adhere to them. They could afford to ignore the minority which refused to co-operate.

But the fact that the Labor Party has a large independent majority makes it almost impossible for political leaders even to talk about coalition until the man in the street is conscious of the frightful catastrophe which is about to descend upon Britain. The pressure of dire events will sooner or later compel a coalition. The tragedy is that leadership is lacking which might now forestall the worst consequences of the present situation.

THREE OR FOUR months remain before winter comes. Six or seven months remain till the last of the dollars have been spent. If effective action were to be taken now, there would be much hardship and discomfort but a collapse might be averted. As it is, we shall probably drift on from one expedient to another, and be forced in the end to tackle a task of far greater dimensions with resources far smaller than those which are now at our disposal.

Smiles

While dressing a man staying in a North of England hotel wished to summon the chambermaid.

The only bell he could discover was in the bathroom attached to his bedroom. He rang several times without results. Later, having dressed, he encountered the chambermaid in the corridor and reproached her with having failed to answer.

"Which bell did you ring sir?" she asked.

"The bathroom bell."

"Ah, but, sir, you shouldn't have used that one. That's only to be used in case you faint or drown in the bath."

A certain man is inclined to be economical with words. One Sunday morning, he having been to church alone, his wife cross-examined him as follows: "Good sermon?"

"Yes, very."

"What was it about?"

"Sin."

"What did the preacher say about sin?"

"He was against it."

An old Shakespearean actor was engaged at a non-stop variety show to give tragic readings from Shakespeare. His reception was anything but complimentary.

When he came off the stage he was approached by a kindly Cockney comedian who had been watching his performance from the wings.

"Don't take any notice of 'em," he said, sympathetically. "I've been watching your turn and I think you're darned funny."

Stern of eye, the business man was interviewing his daughter's young man.

"So you want to marry Mabel?" he demanded curtly.

"Yes, sir," stammered the young man. "I—we—I love her."

"Well, I can't see my way to accepting your offer at present," snapped her father. "But I'll keep your name and address before me, and if nothing better turns up, you may hear from me again."

The late-comer to a London concert hall, who imagined he was visiting a variety entertainment, arrived in time to hear a performance not at all to his taste.

He nudged the man next to him. "I say," he asked, "what's this stuff we're getting?"

"Hush," came the shocked reply: "This is Beethoven's Ninth Symphony."

"Well," muttered the non-musical man, "if the other eight were like this, thank goodness I was late!"

The discovery that a married couple in his flock were liable to quarrel upset the vicar. So he decided to speak seriously to the husband.

"You know, my dear friend, that you and your wife should be as one."

"As a matter of fact," replied the other sadly, "we are as ten."

"How's that?"

"Well, she's the one and I'm the naught."

Late one afternoon an insurance agent secured admittance to the office of a big business man by dint of persistent knocking.

"You ought to feel flattered, young man," said the business man. "Do you know, I have always refused to see five insurance agents today?"

"Yes, I know," replied the agent. "I'm all of them."

The landlady glanced round the table at her twelve hungry boarders before starting to carve the rather sad-looking chicken.

In rapid succession she asked each which part of the fowl he preferred. Ten of them decided on legs.

The carver dropped her knife with a clatter on the dish.

"What do you imagine this is?" she said, sarcastically, pointing to the chicken. "A centipede, or what?"

"Oh, no," replied the boarder who had been served. "Judging by the piece of neck I've got, I should imagine it was a giraffe."

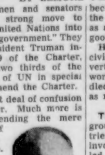
Bridge to Peace

BY ELMORE PHILPOTT

U.S. congressmen and senators have started a strong move to transform the United Nations into a "limited world government." They would have President Truman invoke Article 109 of the Charter, which permits two thirds of the member nations of UN in special conference to amend the Charter.

There is a great deal of confusion about this matter. Much more is involved than ending the mere "veto power" of the big nations.

The real difference between a world government and a mere association of "sovereign states" is that a world government would draw its powers directly from the people of all lands—whereas the UN, like the old League of Nations, represents merely national governments —not people.



PHILPOTT

☆ ☆ ☆

IN CANADA AND the United States we now have "federal unions." The supreme authority is the nation. But the powers of government are divided between the states (or provinces) and the federal authority.

If we tried to govern Canada like the UN is vainly trying to govern the world then the Canadian people would have no real voice in the law-making. The central parliament would be composed —as the UN Assembly is—of delegates appointed by the provincial governments. Then provincial governments would always have the real say—the last word.

If you gave each of those provinces an army, navy and airforce of its own, gave the richest of them the atom bomb, and the toughest one a revolutionary ideology, then we would have right here in Canada what we now have in the United Nations—stalemate—war danger.

☆ ☆ ☆

THE CRUDE UNITED Nations organization has served a great human purpose—just as did the United States' set-up or what we had in Canada before 1867.

It took the victorious American States 13 years to find out that the 13 separate sovereignties had to become one federal unity before the United States could go ahead as a great organization for human good.

Had the southern states won the civil war in Lincoln's time and reverted to the earlier set-up, the world again would have been saddled by something quite as harmful as negro slavery.

☆ ☆ ☆

THERE ARE SEVERAL distinct groups working in different countries to achieve the real purpose involved. There is a British group led by Henry Usborne. He heads 24 Labor M.P.'s who intend to sponsor a people's world constitutional convention in the autumn of 1950—probably at Geneva, Switzerland.

Delegates to this parliament will be elected directly by unofficial ballot if necessary. That is, the English federal unionists will go right ahead and elect their own "world M.P.'s" regardless of whether the government of Britain assists or not. Mr. Usborne things that at least ten million Britishers will vote, even in an unofficial election.

A more realistic group is at work in Chicago. If thinks 1950 is too late. This is headed by President Robert M. Hutchins, of Chicago University. It includes university leaders like Mortimer J. Adler, Stringfellow Barr, Albert Guerard, Erich Kahler, Wilber Katz, Charles McIlwain, Robert Redfield and Rexford Guy Tugwell.

Professor Harold Innis, of the University of Toronto, competently represents Canada. They have spent many months considering the actual problems that surround the creation of a world parliament and world government.

The famous Italian-born anti-Fascist professor, G. A. Borgese, is secretary.

I think this "Committee to Frame a World Constitution" is doing fine work which will prove invaluable to the statesmen yet to rise when to cases in changing the set-up of UN.

I will describe its work in a new monthly magazine, to be called "Common Cause."

Bulletin Readers Say:

Letters to the editor should be brief and discuss no more than one subject at a time. The name and address of the writer must be included, but not necessarily for publication if the correspondent so requests. Letters thus received become the property of THE EDMONTON BULLETIN whose editors, for obvious reasons, cannot undertake to enter into correspondence about them and reserve the right to delete extraneous or unduly controversial matter.

WILL WE NEVER LEARN?

Editor, Bulletin.—A threat from the East always finds the west irresolute and divided. Such was the case when the Turks stormed Constantinople in the 15th Century. With the Greeks calling for help, western Christendom remained aloof, for the powers of the Europe of that day a heretic was as bad as an infidel. When, the first German of Wilhelm II, and then the Germany of Adolf Hitler set out to subject the world, though France and Britain resisted, some smaller nations preferred immediate peace to ultimate security, while the United States stood aside until the call became irresistable and it was almost too late.

Now that the cloud in the east is blacker than ever it is seen that while governments have learned, people have not. Hesitation and division are no longer international, but internal. If the free nations have to go through another purgatory within a few years there will be less excuse than ever. The warning has come earlier than in previous instances, or, at least, it is much louder.

Those, who in our own country in the United States or yours that we are hostile to Russia and that the Soviet desires peace are either strangely mistaken, or false to the interests of their own country. Nothing can be plainer than that while the government of Russia may be unwilling to provoke war just now it has no objection to war, in principle.

It is not war they fear, but defeat. In the meantime they know, or at least feel that they can go to great lengths in provocation because of the sincere resolution for peace of the United States, Great Britain, France and all others associated with those democratic nations.

FROWN ON CHILD

Editor, Bulletin.—Reading with some disgust "Landlady's" recent letter in The Bulletin in which she emphasized she has a right to pick and choose the people to whom she rents her rooms, may I say I have a three-room flat till the first of August, then if all landladies are of the same frame of mind as "Landlady" is, my wife and our new born baby will be put on some good neighbor's lawn.

Yes, we are expecting a youngster in September. So what does my landlady do as soon as she finds out? "Here is your notice, sir!" "We don't care where you go after the three months are up," is the impression you are given, and, I might add, is about the truth of it. The fact that we put up with their children's noise for the past two years and paid dearly for the privilege, doesn't have anybearing whatever towards providing a dwelling for my wife and family.

As long as we were a business couple that was fine, but now the sparks are flying, with the third party in view. Sure, I'm a veteran of five years' service. We fought to preserve the human race and all it stands for. All this is so easily forgotten. I did nothing to merit any special consideration but there are hundreds that did.

If a chap cannot find a home within a home, whether it is his or someone else's, he has nothing. Think it over, lady, are you really fair about this thing?

DEMOCRACY CHECKS

Editor, Bulletin.—Again there is talk of abolishing the Senate. Those who argue for this extreme course should remember that a uni-cameral legislature has not passed a successful test hitherto, except in theoretical examinations. Checks are good for democracies as for monarchies.

As for reform of the second chamber in Canada's parliament, that is quite another matter. To me it seems desirable, but the precise manner of its selection is difficult of agreement. Mr. Mackenzie King made Senate reform part of Wilhelm II, and Hitler the Germany of Adolf Hitler set out to subject the world, though France and Britain resisted, some smaller nations preferred immediate peace to ultimate security, while the United States stood aside until the call became irresistable and it was almost too late.

Now that the cloud in the east is blacker than ever it is seen that while governments have learned, people have not. Hesitation and division are no longer international, but internal. If the free nations have to go through another purgatory within a few years there will be less excuse than ever. The warning has come earlier than in previous instances, or, at least, it is much louder.

Those, who in our own country in the United States or yours that we are hostile to Russia and that the Soviet desires peace are either strangely mistaken, or false to the interests of their own country. Nothing can be plainer than that while the government of Russia may be unwilling to provoke war just now it has no objection to war, in principle.

It is not war they fear, but defeat. In the meantime they know, or at least feel that they can go to great lengths in provocation because of the sincere resolution for peace of the United States, Great Britain, France and all others associated with those democratic nations.

AGAINST THE SENATE

Editor, Bulletin.—This letter is a comment on a recent debate in the House of Commons over the necessity of the Senate.

The debate centred around Prime Minister Mackenzie King and the CCF member, Stanley Knowles. I back Mr. Knowles' courageous stand. The Senate is not a democratic body responsible to the people and the House of Commons. Members are appointed for life by the existing government of the time. Therefore, there are senators today who were appointed by governments which people of this day no longer favor or support.

Our Liberal prime minister argues that the Senate is necessary to checkmate the government and thus safeguard our democracy. What right have men who are not true representatives of the people to a voice in Canadian affairs? What check do we need on a government which is elected by the people and which is responsible to it? In a democracy the elected body should reign supreme, without any interference from an appointed body, which would doubtlessly do more to retard the progress of the country than advance it.

If we are to uphold our democracy ideals and place our governments completely in the hands of the people, we must abolish the Senate.

Sought Full Extermination

Goering Disappointed More Jews Not Killed

By Richard Kasische

BERLIN, July 25—(AP)—Unrepentent Herman Goering went to his self-inflicted death with regrets that he had not been "completely ruthless" and "completely exterminated the Czechs and the Jews," records now in possession of United States authorities show.

THE RECORDS are of conversations he had with one of his counsel during the Nuernberg trials. The lawyer, Dr. Werner Bross, Goering's assistant defence counsel, made copious notes of his talks with the No. 2 Nazi at Nuernberg between January and July, 1946. A portion of these notes, described as "abounding in intimate information," have been disclosed to The Associated Press.

At one point in their conversations in Nuernberg jail and court house, Dr. Bross noted, Goering turned to him and said:

"I'll tell you one thing. I have discovered now that one must not take half measures. If I were ever in power again I would completely exterminate the Czechs and the Jews. Then at least, come what may, two ethnic European groups that will only cause us more misery would be destroyed. One must be completely ruthless in such matters."

THIS WAS THE same Goering who, while on the witness stand, pretended ignorance of and attempted to shirk any blame for the liquidation of millions of Jews by the Nazis.

Bross said Goering also would have liked to massacre some of his co-defendants at Nuernberg.

"The object of his greatest wrath was Ribbentrop," Dr. Bross wrote. "Next in line were Frank, Kaltenbrunner, and Speer. He had nothing but scorn for Doenitz, his rival as Hitler's successor, and Doenitz was livid with rage when Goering insultingly termed his short-lived rule after Hitler's death a 'week-end regime.' He ridiculed his co-defendants because they were frequently praying in their cells or scribbling notes."

UNITED STATES experts who studied Dr. Bross' notes remarked that "like Hitler and Goebbels in April 1945 Goering was still obsessed in July, 1946, by the thought of an impending war between the Soviet Union and the Western Allies—a war, moreover, in which the Germans would be fighting on the side of the Western Allies."

Goering also threatened that a German underground would some day develop to strike against German lawyers in the Nuernberg trial "who now are weaklings."

United States students made these conclusions on the study of Goering's character as shown by the lawyer's notes:

"THE NOTES SHOW Goering both as sybarite and a thug, a cynic and a sentimental militarist, a hypocrite and even an ignoramus (he admitted freely that he was not fully familiar with the Nazi party program and Hitler's 'Mein Kampf'). But the broader significance of the document is the light which it sheds on a society wherein such a man could rise to such heights with the methods he employed."

Commence Work On Stock Pavilion

Ground was broken yesterday at the Exhibition Grounds for the excavation of the new $500,000 stock pavilion and sales arena, it was announced today by Max Dewar, city architect. It is hoped that the construction of the pavilion and arena will be completed in time for next spring's stock show, although recent delays in cement shipments may preclude such plans.

If the buildings are completed ahead of schedule, the building may be used for boxing and wrestling during next winter.

Completely fireproof, the arena would be one of the few Edmonton sports sites allowing smoking, stated Mr. Dewar.

Special lighting is to be installed for the arena's use for sports.

The building will be southwest of the present arena, since the old barns previously occupying the location have been moved.

Ashby Entertains 5 Blind Persons

P. H. Ashby, MP for East Edmonton was host to five blind persons yesterday at his farm 10 miles south of Edmonton.

Driving the group to his farm, he explained the scenery along the way, and at a flower farm obtained a carnation for each of the members.

At the farm, Mr. Ashby, Mrs. Ashby, son Roy and daughters Thelma and Eleanor directed the group through the farmyard explaining the view and entering various farm buildings. Each of the family escorted one of the blind persons. In the evening the guests were entertained in the home.

The group of five included H. A. Lacey, chairman of the Alberta division of the Canadian Institute for the Blind; Miss Elsie McCrae, president of the Edmonton club of the blind; W. E. Milton, executive officer of the CNIB; Mrs. Hugh McEachern, treasurer of the Edmonton club of the blind; and Alex Gemmell secretary of the Edmonton club of the blind.

Long-Lost Plane Found on Mountain

LONGMIRE, Mt. Rainier National Park, Wash., July 25—(AP)—A searching party radioed last night from its base camp on Mount Rainier that it had identified the crash scene of a long-missing marine transport plane by discovery of a marine's personal record and a piece of a uniform on Tahoma Glacier, near the 9,500-foot level. Reports from the camp, more than a mile high, said that the evidence was unmistakably from the transport, which vanished last Dec. 10 with 32 men aboard on a San Diego-Seattle flight.

Labor Picture Darker at Coast

VANCOUVER, July 25.—(CP)—British Columbia's labor picture darkened last night with the threat of new strikes, involving more than 7,000 workers, early next week.

Five thousand workers in 60 Vancouver and New Westminster industrial plants and shipyards may strike unless new contracts are signed by Aug. 1.

"It will be a case of no contract, no work," said Alex McAusiane, vice-president, Canadian Congress of Labor, here yesterday.

He said the operators of the plants had failed to make any new wage offers to the unions involved. All seek higher pay, but he did not disclose the rates sought.

Affected are 16 wooden shipyards, 15 foundries and pattern shops, and 18 steel fabricating shops.

Strike threats also came from the interior where more than 2,000 mill and lumber workers, failing to reach agreement with operators on wage boosts, threatened a walkout. The men are members of the International Woodworkers of America (CIO).

There was a brighter, better hue, however, today when a union spokesman said the men's representative was ready to resume negotiations whenever the operators have asked for a labor conciliator.

Earlier, the spokesman had said that the "labor power" would be withdrawn from the industry Aug. 5 unless demands for a 12½ per cent pay boost were granted the workers.

In Vancouver, 2,600 members of the street railwaymen's union rejected proposals on a new wage contract offered by the British Columbia Electric Railway Company.

Stunt Man Killed

PHILADELPHIA, July 25.—(AP)—Harry Hart, 42-year-old former Hollywood stunt man and international midget auto racing champion in 1939, was killed last night when his speedway car crashed into a fence while making a turn on the Yellow Jacket speedway.

Carrier for Dutch

THE HAGUE, July 25.—(Reuters)—The British light fleet aircraft carrier Venerable, of 14,000 tons, is to become the property of the Dutch Navy, the Netherlands news agency reported yesterday. She will replace the 14,000-ton escort carrier Karel Doorman on loan to the Dutch Navy since 1945, when this ship is returned to Britain next March.

Too much sun and excessive exposure to sunlight can cause sunstroke. When sunstroke is indicated the sufferer should be kept cool but when heat exhaustion is indicated the patient should be kept warm. In both cases doctor should be called.

Four Junior Pitchers in Action

American All-Stars Edge Canadians 3-2

Making the six hits they collected off Vern Callahan, South Side junior, pay a dividend of three runs, the American all-stars eked out a 3-2 win over Canadians in the junior benefit at Renfrew Park Thursday night.

Four pitchers from the junior league displayed their wares in front of the 2,000 fans, each club using two. All four did well, with Dick Lowe of the Maple Leafs, who received credit for the win, and Tommy McGregor of the junior Canadians turning in the best performances. The loss was charged to Callahan.

MORRIE HAWKEY, making his first appearance at Renfrew this season, started for the Canadian all-stars and Roeder's single in the second was the only safe blow the Americans were able to register off his delivery.

Forrest Hunter of the Eskimos worked the initial three innings for the Americans, allowing only two hits, one by Stewart in the first and a single by Brockie in the third.

THE CANADIANS had two on the opening frame with only one out and Stewart was cut off at the plate by DeMarco's fine peg from centre field following Price's flyout in the third.

Callahan went in for the Canadians in the fourth and DeMarco greeted him with a triple to the south fence. Frank Gonzales came through with a single to score DeMarco.

CHULLA STARTED the fifth frame off with a drive to centre and made third with sharp baserunning while Garrett was being thrown out—Seaman to Lane. Callahan uncorked a wild pitch and Chulla's run made the count 2-0.

Dawson's single, a stolen base and hits by Roeder and Chulla brought in the third run for the Americans in the sixth.

DICK LOWE took over from Hunter to start th fourth inning and the Canadians scored in the sixth, when hits by Price and McGill v·th an error by Lippincott sent Price over.

A walk to Superstein, who stole second, another error to Lippincott charged on a high throw, and McGill's flyout to Gray in left field produced the second run for Canadians.

CANADIAN ALL - STARS had a chance to win the game in the ninth, but a fine catch by DeMarco at the left field bleacher of Johnston's drive meant the third out. Stevenson had started the inning out with a walk off Hal Pruden. CNR junior pitcher, and Lane had sacrificed him to second.

Roeder was put out of the game in the sixth by Umpire Jim Kelly, as a result of too aggressive tactics following a decision on a close play at first.

Kelly.

Cinderella Horse Wins 3rd Straight

VANCOUVER, July 25—(CP)—A. C. McCumber's Cinderella horse, Mere Flip, had the punters at Lansdowne Park rubbing their eyes Thursday when the Chestnut gelding won its third straight race, leaving good-looker as King's Honor, Muckin and C. S. Howard's Ship or State, in the ruck in the seventh race.

FIRST APPEAL turned in the easiest win of the season over the first field, leaving 10 lengths of daylight between itself and Kitarion Pass, the nearest opposition.

Norah G made every post a winning one in the two-year-old event, second on the card, to roll up the best pay in weeks, $52.70, $20.35 and $10.00. The daily double, First Appeal to Norah G, paid $112.30.

The quinella of Yeo Marcus and Double Row paid $28.25.

The six girls above, arrived in Edmonton via CNR last evening to compete in the Dominion track and field meet at Clarke Stadium this afternoon. From left to right they are: **Jean Atkinson, Margaret Tait, Milly Chester, Donna Gilmore, Shirley Gordon,** and **Diane Foster.** Their coach is **Mrs. Mary Frizzell Thomasson,** a former Canadian Olympic contender in 1936.

Track Lovelies from Vancouver Competing at Clarke Stadium in Championships

Was a Favorite

Jimmy Slugg, accidentally killed Wednesday at Creston, B.C. when struck by a falling log, was well-known and well liked in Edmonton, having been a member of the Canadian Junior Hockey Club for two years. He was with Lethbridge Maple Leafs last season. Coming here from Coleman, Jimmy was not only popular with his own teammates, but also well thought of by his opponents on the ice lanes. At the conclusion of the 1944-45 season he was voted the most valuable player in the Edmonton Junior League and the following year received a tryout with the Montreal Canadiens.

Tournament Draw For Alberta Beach

Onoway plays River Qule Barre at 12 o'clock in the opening game of the annual Alberta Beach baseball tournament scheduled for Saturday.

Horse Hills meets Rossington at 2 o'clock, with Dodds opposing Mayerthorpe at 4 o'clock, followed by Vimy against Namao at 6 o'clock—all daylight time.

Wide Open Race

HENLEY COURSE, Port Dalhousie, Ont., July 25—(CP)—The scramble for Canadian Henley honors was wide open today as competing clubs from the United States and Canada reached the halfway mark on the old Welland Canal. As competition ended, Buffalo Westside oarsmen held the lead by only one point over Ottawa Rowing Club.

SPORTS BULLETIN

Vancouver Junior Triumphs

Ladies Carry Canada's Hopes in Net Tourney

VANCOUVER, July 25—(CP)—Canada's hopes to cop more top tennis titles rests with the ladies today while a Vancouver mighty mite polishes the junior singles crown he retained by a gutsy comeback from the brink of defeat in the Canadian tennis championships.

Rain merely threatened through most of the fourth day of play yesterday at the Vancouver Lawn Tennis Club, but there was a deluge of upsets which washed Canadians out of the men's singles and doubles events.

BUT THE SUN broke through when 17-year-old Lorne Main, putting all he had behind his two-handed grip, pushed back heavily-built Bob Hall, Santa Monica high school student, 1-6, 2-6, 6-1, 6-4, 8-6. His elder fellow-countryman, including Montreal's drop and cut-shot artist Henri Rochon and top-ranking Brendan Malone fell before the onslaught of the two west coast champions who were seeded lower in the 57-year-old tournament.

OREGON STATE champion, Emery Neale, of Portland, slapped only about a dozen errors to straight set the eldest of the Macken young-sters 6-1, 6-2, 6-2.

HARRY ROCHE of San Francisco, the blonde 1946 Western Canada singles champion, took little more trouble to slam back every trick shot Rochon could bat, 6-2, 3-6, 6-2, 7-5.

To make the scrambled picture complete, a dark-horse appeared on the scene when Stanford University student Arnold Beisser of Santa Ana, Calif., trounced Jim Lowe of Seattle, 6-3, 6-0, 6-3. Lowe earlier had upset Ottawa's Don McDiarmid.

Canada's stronghold is in the women's singles where three of the semi-finalists are Dominion representatives.

The 1947 Quebec titlist, Miss Elizabeth Rinfret of Montreal, ace veteran rankers and Vancouverites, Jean Milne and Mrs. Eleanor Conley, in fighting through tough opposition.

The U. S. semi-finalist is Grace Wheeler Kelleher of Santa Monica, who whipped Miss Pat Macken of Ottawa, 6-2, 6-2.

Ottawa's Miss Pat Lowe topped Jean Morgan of Pasadena, Calif., 6-4, 6-2 to enter the final of the junior women's contest.

THE SAD DAY for Canadians was made more bitter with elimination of the three Dominion teams in the men's doubles quarter-finals.

Ontario and Quebec 1947 champions, E. J. Lanthier and Gordie MacNiel, both of Montreal, were no exception as they went down the hard way 9-7, 2-6, 6-3, 6-3.

Joining them on the sidelines were Phil Pearson and Jack Brawn, the "old men" who previously toppled the highly - regarded McDiarmid and Rochon.

Brendan and Jim Macken were ousted by Roche and Jim Livingstone of San Francisco, 6-3, 6-4, 9-7.

Firemen Shade St. Railway 8-7

Fire Department squeezed out an 8-7 decision over Street Railway and Waterous defeated CNR 6-4 in Thursday night's Men's Intermediate Fastball League sessions.

Canada Packers versus Marshall-Wells and Taylor and Pearson versus Legionaires are tonight's games.

St. Railway	202	12—7	4 4
Fire Dept.	321	20—8	6 6

Ford and Horb, McGregor and Grossman.

Waterous	000	310	0—4 3 4
CNR	000	003	1—4 5 3

Chandler and Wiese; Oldstrom, McLean (8) and Lundy.

Umpires—Whitefield and Self.

Baksi Willing To Fight Louis

NEW YORK, July 25—(AP)—Joe Baksi, the Kulpmont, Pa., heavyweight who has been on a European tour, arrived Thursday on the liner America and said he wants to fight Joe Louis "anytime Louis is ready."

Baksi was upset by Olle Tandberg in Stockholm and plans now are underway to match him and Tandberg in New York later this summer, the winner to meet Louis next March.

Leading U.S. Colt, Yankee Valor Dies

INGLEWOOD, Calif., July 25—(AP)—The three - year - old colt, Yankee Valor, winner of the $50,000 Hollywood Derby and a leading candidate for the $100,000 Gold Cup next Saturday, died suddenly Thursday.

One of the country's leading three-year-olds, the rangy good - natured chestnut succumbed to an attack of colic.

His owner, Col. L. G. Burns of Canoga Park, was with him during the last hours in the stable at Hollywood Park.

THE YANK had won $109,475 in less than two years of racing, marked by duel after duel with On Trust, another leading Californian-bred which finished second in this year's Preakness and fourth in the Kentucky Derby.

Their last meeting was July 12, when Yankee Valor ran away with the Hollywood Derby, whipping On Trust by three lengths in his first race at 1¼ miles. Heretofore considered a sprinter, that performance put him among the favorites for the Gold Cup.

Post Office Plays Prudhams Tonight

Prudham Building Supplies plays South Side Post Office in the rubber game of their playoff series in the South Side Men's Intermediate Fastball League tonight at 7:30.

Post Office won the first 11-3 and Prudhams replied with an 11-4 victory, while the third game resulted in a 5-5 deadlock.

This league plays all its games at South Side athletic park.

Bob O'Dell Shines in 3-2 Victory

Legionaires Shade Moose in 10 Innings

Legionnaires pushed across a valuable run in the tenth inning to eke out a 3-2 decision over Moose in a Senior Men's Fastball League contest last evening. The same teams will clash in the next round of the provincial playdowns.

The winners counted two markers in the third inning. Bob O'Dell singled to centre and stole second. Em Long's bunt was juggled and he reached first safely. Long stole second when Ralph Hansch flied to right field. O'Dell came home after the catch and Long gained third. Long scored on Sam Stevenson's infield out.

MOOSE MOVED back into the fight in the fourth. Pete Husar reaching first on an infield error, stealing second and scoring on Al Brown's single to left field.

They were all-square at the end of the sixth. Dick Ellis walked, raced to third when Colin Kilburn threw wide of second base, and scored when Long took Brown's grounder and Kilburn dropped the ball at the plate.

AL YOUNG assumed hurling duties for Legionnaires in the eighth with two on the paths and none out. He retired the side and held Moose hitless for the balance of the game.

Bob O'Dell was the fair-headed boy of the Legionnaires, tripping home with the winning run in the tenth. He tripled to centre and came flashing home when Long drove a grounder through Pete Husar's legs at shortstop.

O'DELL HAD AN excellent evening at bat, hammering out a triple and two singles in four times at the plate. He also scored two runs for the winners. Colin Kilburn poled out a couple of singles.

Score by innings:

Moose	000	101	000 0—2 4 4
Legionaires	002	000	001 1—3 7 1

Phil Buttar and Jim Milne; Sam Stevenson, Al Young (8) to Jim Malone; Colin Kilburn (1).

Weekend Schedule:

Friday

South Teens vs Maple Leafs 7:00 p.m.
South Side vs Legionettes 8:30 p.m.

Saturday

Legionettes vs Moose 7:00 p.m.

Sunday

Moose vs Legionaires 2 p.m.
Precision Machine vs RCAF Aces 4 p.m.
Friday game second game of Junior men's provincial eliminations; First game of Intermediate ladies' provincial eliminations.
Saturday game First game of senior men's provincial semi-final series of eliminations.
Sunday game: Second game of senior men's provincial semi-final series of eliminations; second half of doubleheader is regular league game.

Dead Heat Brings Double Quinella

SASKATOON, July 25—(CP)—Two quinella payments were made here Thursday when Wise Joe and Campion Hall came down in a dead heat for place and show money in the seventh race. The combination of Wise Joe to Sa Poo, the winner, paid $50.50 while Sa Poo to Campion Hall paid $48.80.

Cute Helen and Chimes were responsible for returning a daily double of $24.90. The last price of the day came on Sa Poo which was good for $30.30 on a straight bet. Favorites scored fairly consistently.

Strong Entry to Vie for Honors

B.C. Track and Field Stars Arrive for Meet

The symphony of fluid action that is the Dominion track and field championships is framed today in the velvet greenery of Clarke Stadium as this is read athletic guys and gals from across the nation are whirling around the oval arena in an assault against time and distance.

For this is it . . . The day when the best that the Canadian track blood contains sweeps past the grandstand like a flashing sports reel.

AND THE sports reel has flashes of personalities from the far-flung Maritimes tucked away on the Atlantic seaboard to the sunny slopes of the broad Pacific sweep . . . A sports reel of potential Olympic timber from the land of the Maple Leaf.

Latest challengers for the laurels came from Vancouver and points west last night. Mrs. Mary Frazzell Thomasson, herself a Canadian contender at the last Olympics, led a band of nine girls and four boys into the confines of Clarke Stadium to complete the 155 entries.

Make no mistake . . . B.C. is packing considerable track talent. There's the Hudson's Bay Club senior women's relay team. . . with four lithe lovelies answering to Donna Gilmore, Marge Tait, Diana Foster, and Millie Chester.

Last Saturday at Hastings Oval, Vancouver, the quartet rocketed through 440 yards in 50.6 seconds That established a new B.C. mark for the hike and tied the existing Dominion record.

BECAUSE the Hudson Bay lassies tour the cinders in record breaking tempo the stage is set for a spinning senior women's relay tonight at 7:30. Out of Montreal came Doreen Clough, Dolly Moore, Tommy Eastman, and Enid Sheperherd to contest the issue. And when Edith Skitch, Doris Nufer, Sylvia Calder and Mona Creighton head a rapid staccato on the track for Edmonton in the event, a gruelling dogfight in the quarter seems assured.

But back to B.C. The well-groomed east included Shirley Gordon and Jean Atkinson from the Pacific Athletic Club and Elaine Silburn and Pat Fleming from Victoria. Dick Pierce, a chunky junior B, Wally Alexander, finely built young Negro, and Ken Troup added the masculine touch to the British Columbia story.

"Sunkist" Millie Cheater, fine-boned powerhouse with the Bay athletes will be gunning for the "Mighty Mouse"—Edmonton's Edith Skitch—in the show. They tangled at the coast last year . . . creating spirited rivalry which ended in a split of the honors.

BLONDE DONNA Gilmore, with eyes as blue as the British Columbia skies, is carrying one record—the 75 yard dash mark for juniors—into action.

And from the island, tawny Elaine Silburn, and Pat Fleming rated the roses. Slender Elaine leaped over terra firma at Hastings oval last week for a new B.C. senior women's broad jump record. Her yardage amounted to 17'7¾", to add seven inches to the old mark. Pat hopped over the cross bar at 4'11" in the same jamboree to set a provincial junior ladies high jump standard.

THERE WAS tension in the air this morning . . . a tension which stemmed from the butterflies that the athletes had in their respective tummies. And in a way they were scared, for their opponents today, they know their rivals as people like themselves who put their track shoes on one at a time . . . but of the confidence they might make in competition.

The butterflies will be there until the post time . . . and then they will disappear in the crack of the starter's gun. For once the race is on the oval the job is to get around as fast as nature's supply of energy will allow and all the tension is eased out in the smooth concentration of mind and body.

Red Deer Buffs Bow to Bowden

RED DEER, July 25 — The Buffalo hotel girls had one bad inning and dropped an 8-2 decision to Bowden at the AAA ball park here on Thursday night in an exhibition fastball game.

Leading 5-1 at the start of the fifth inning, the visitors got three more runs as the result of errors.

Buffaloes scored one in their half of the fifth and that ended scoring in the game. Rosie Elaschuk and Ann Jeglum hit three-baggers and Jean Rocke got a double.

Bowden	122	000	000—5 9 4
Red Deer	100	010	000—2 10 12

BOWDEN—Jones, lf; Anderson, cf; Runhams, 1b; Cunningham, rf; Connor, ss; Reid, 3b; Miller, 2b; King, c; Richardson, p.

BUFFALOES—Donaghie, lf; Elaschuk (3), Mitchell, 2b; Kipowich, 3b; and ei; Rocke, ss and p; Moore, 1b; Hocke ci Vipond, rf; Jeglum, cf.

Umpires—Smith and Tom Innes, both of Red Deer.

Race Results on Page 8.

Yankees Vie For Football Superiority

By Hugh Fullerton, Jr.

NEW YORK, July 25 — (AP) — As the Yankees (baseball) breeze toward a pennant, Ray Flaherty is making plans for the Yankees (football) to do the same thing . . . and the last he says, they're going to make a strong effort to catch up with Cleveland Browns, who ran away from the other all-American conference teams last season.

Ray has two good reasons for entertaining such hopes—Frankie Sinkwich and Buddy Young . . . Sinkwich, overweight and troubled by a knee injury, has been working out in Georgia since last spring and he is down to 190 pounds. When Frank is good, he's very good and he'll give the Yankees an experienced passer, something they lacked last year . . . as for Young, he weighs 170 pounds, but he's only five-feet-five. Says Ray: "If he was a six-footer he'd weigh about 210. And he's harder to tackle because he's so close to the ground . . .

FAMILY TREE

CLAUDE (BIG Monk) Simons put Hillcrest University on the athletic map as trainer and coach of nearly every sport for a 24-year period . . . his son, "Little Monk" a four-letter winner and star halfback in 1934, went on to become Tulane's athletic director . . . and now it's eight-year-old "Chipmonk" Simons who is winning athletic honors . . . the third of the monk series won a trophy as best all-round athlete and sportsman" in a test at his New Orleans school . . . would you say Chipmonk is aping his older monks?

DOT'S ALL, BROTHERS

LOCAL TENNIS writers are giving rave notices to Pancho Gonzales. Los Angeles public courts kid, as a "grass court natura." . . . Carl Braun, former Colgate basketballer now playing baseball for the Yankees' Sunbury, Pa., farm is the fourth new player signed by the New York pro Knickerbockers . . . Braun can't say the knicks will be all Braun and no brain.

Ontario's Golf Team Announced

TORONTO, July 25—(CP)—Rudy Horvath of Windsor, Jack Nash of London, Ont., and Phil Farley and T. G. Cullen of Toronto will form Ontario's Willingdon Cup team in the inter-provincial match-play event for amateur golf championships at the Royal Quebec Club, Quebec City, Aug. 11, the Ontario Golf Association announced Thursday.

Horvath is 1947 Ontario amateur champion. It was also announced that Canadian junior champion Gerry Kesselring of Kitchener Ont., will defend his title on the same day.

Westmount Beats Calder Juveniles

With Jack Buckley pitching three-hit ball Westmount outscored Calder 9-1 on the latter's home diamond in Thursday night's juvenile baseball league fixture.

Westmount counted in only two innings, but bunched hits with opposition errors in the fifth and again in the seventh to pile up eight runs.

Craig Campbell pounded out a triple and Mickey Rogers a double for Westmount. Buckley struck out 10 Calder batters.

Score by innings:

Westmount	100	060	4—9	8	3
Calder	000	010	0—1	3	3

Buckley and Burton; Sabourin, Spodowski (8) and Angus.

No-Hit Game

EVANSVILLE, Ind., July 25 — (AP)—Dick Manville, Evansville pitcher recently acquired from the Milwaukee Brewers, Thursday night pitched a no-hit game, as he blanked the Davenport Cubs, 6-0 in the seven inning opener of a doubleheader in the Three-I League.

Feller Snares 12th Triumph

Redbirds Fly to Third In National Shuffle

NEW YORK, July 25 — (AP) — Six teams changed places in the National League following Thursday's games with only the first-place Brooklyn Dodgers and runner-up Boston Braves retaining their positions.

The best gain was made by the world champion St. Louis Cardinals who moved into third place, their highest position to date, by defeating the New York Giants for the third straight time 3-2 in 10 innings. The Giants, in losing, dropped to fourth.

The Chicago Cubs defeated the Braves 6-4 to advance to fifth place, past Cincinnati which dropped to sixth by losing to the Dodgers 6-1. Pittsburgh vacated the cellar in favor of Philadelphia by sweeping both ends of a doubleheader from the Phils 8-6 and 3-2.

THE AMERICAN League leading New York Yankees gained revenge on their one-sided licking by the St. Louis Browns Wednesday when they shellacked the cellar dwellers 14-5 with a 20-hit attack.

Bobby Feller became the first American League hurler to win 12 games when he pitched the Cleveland Indians to a 6-1 victory over the Philadelphia Athletics. Boston maintained its unblemished record against the Chicago White Sox at home this season by walloping the White Sox 8-2.

Murray Dickson hurled a seven-hitter to gain the decision over the Giants. Three straight singles by Red Schoendienst, Terry Moore and Stan Musial against Monty Kennedy, who relieved Larry Jansen in the ninth, decided the game.

ROOKIE CLIFF Aberson walloped two triples and drove in three runs to lead the Cubs to victory.

Rookie Vic Raschi registered his third straight win since joining the Yankees from Portland of the Pacific Coast League. He was supported by the Yankees' most prolific hitting attack of the season as Johnny Lindell, Tommy Henrich and George McQuinn banged home runs.

WALTER MASTERSON'S four-hit pitching gave Washington a 3-0 victory over Detroit last night and a sweep of a three-game American League series. It was the second time this season Masterson registered a shutout when opposed by defeating the New York Giants for the third straight time 3-2 in 10 innings. The Giants, in losing, dropped to fourth.

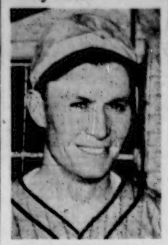
Purity Short



"Woody" Huckaby, shortstop for Purity 66 has been playing consistently good ball for his club all season. The Purity club skippered by "Lefty" Wilson returns to Renfrew Park for another three-game Inter-City Baseball League series starting tonight.

South Africans Draw with Scots

LONDON, July 25—(Reuters) — South Africa's cricketers could not force a decision Thursday at the end of their two-day match against Scotland. Declaring their first innings closed when 101 runs ahead, their bowlers dismissed five Scottish batsmen for 41, but a hard-hitting partnership between Nichol and Edwards saved the day for Scotland.

Feature of Thursday's county championship matches was the third wicket partnership of Essex batsmen Frank Vigar and newcomer R. Horsfall who added 225 runs in three hours 20 minutes against Hampshire.

Averages 69.92 for 48 Rounds

Oliver Passes Hogan In Vardon Cup Race

COLUMBUS, O., July 25—(AP)—Little Ben Hogan, the year's No. 1 money winner in the United States, lost first place in the Vardon Cup ratings by passing up the Canadian open to play a few exhibitions—but he has a chance to scoot back into the lead in the $10,000 Columbus open this week-end.

As of now, Ed (Porky) Oliver is the No. 1 man in the low-strokes per-round competition in which the guy with the best average gets the Vardon trophy at the end of the year.

PORKY, for just 48 rounds of tournament play, has used up 3,336 strokes for an average just a mite under 69.92. Hogan, for 52 rounds, has fired 3,635 shots for a 69.93 mark, just 1-100th of a point back of Oliver.

Until the Canadian open, Oliver had a 70.13 rating for second place, but he skipped around the little fellow with his 270 for runner-up laurels in the Dominion event.

With the Canadian open scores, except for Oliver's, not figured in, here's how the Vardon race stacks up at present:

Player	Rounds	Average Strokes
Ed (Porky) Oliver	48	3336 — 69.92
Ben Hogan	52	3635 — 69.93
Jimmy DeMaret	50	3545 — 70.84
Lloyd Mangrum	48	3360 — 70.25
Ed Furgol	52	3677 — 70.71
Jim Ferrier	52	3665 — 70.48
Johnny Palmer	49	3443 — 70.13
Lew Worsham	52	3662 — 70.53
Tony Penna	49	3548 — 72.40
Vic Ghezzi	50	3571 — 71.41
Dick Metz	52	3723 — 71.59
Ellsworth Vines	40	2867 — 71.52

LOS ANGELES, July 25—(AP) —Helen Marlowe, formerly widely known tennis player, who with her sister, Mercedes, played tournaments as a crack doubles team, died Thursday. She was in her early 30's.

Crossley Favored In U.S. Tourney

MINNEAPOLIS, July 25—(AP)— The field in the national public links golf tournament cut itself to four semi-finalists Thursday with Wilfred Crossley of Atlanta, Ga., established as a favorite by his 2 and 1 victory over Edward Krvanti of Detroit Mich., a hard man to down.

Don Dostert of St. Paul, Minn., defeated Ralph Vranecic of Denver, Colo., 2 and 1, for another semi-final spot. The field was completed with Avery Beck of Raleigh, N.C., downing Philip Gordon of Oakland, Calif., 5 and 4, and Benjamin Hughes of Portland, Ore., dumping Alfred Littleton of Wichita, Kansas, 5 and 3.

Yankee Tennis Ace Defeated in Paris

PARIS, July 25—(AP)—Top-seeded Tom Brown of San Francisco was eliminated from the singles division of the French international tennis championships Thursday by Josef Asboth of Hungary, who crushed the American favorite, 6-2 6-3, 6-1, in the semi-finals.

In the finals, Asboth will play Eric Sturgess of South Africa, who upset defending champion Marcel Bernard of France, 3-6, 2-6, 6-3, 8-6, 6-3, in the other semi-final match.

Lice Too Much For Sgt.-Major

LEWES, Sussex, England, July 25—(CP)—Because he was said to have caught lice from his wife when on leave a British sergeant-major was granted a divorce. The judge said cruelty was constituted by the wife continually infecting her husband with lice. He belonged to a "fine regiment" and "having to report to the medical orderly five times with lice was a dreadful thing for him."

An atoll consists of coral reef surrounding a central lagoon.

Susceptible to Temperatures

Bass Easily Caught In Solunar Periods

By John Alden Knight

Noted sportsman, author and creator of SOLUNAR TABLES.

Black Bass, particularly the small-mouth variety, are interesting and, frequently, exasperating fish. It has always seemed to me that adult small-mouth bass—fish that weigh from three pounds up—are the most difficult to catch consistently of all our fresh water fishes.

There must be a reason or reasons for the reluctance with which these fish allow themselves to be hooked. Let's take a look at one of them, a close look, and see if we can find out what makes him tick.

ALTHOUGH HE is listed by science as a warm-water fish, a big small-mouth is quite susceptible to temperatures. In the fall, when the water temperature drops below 60 degrees, he goes on a feeding spree to build up his reserves to sustain him through his period of winter hibernation. When the water temperature drops below 55 he finds himself a safe resting place in the muddy bottom of a deep backwater and there he spends the winter, in a state of partially suspended animation.

When spring comes, he leaves his winter quarters, and when the water reaches the 67 degree mark he goes in for his annual spawning. That being done, he looks about for a satisfactory home for the summer months.

ALTHOUGH HE can be perfectly healthy and happy in temperatures in the low 90's, his preference is cooler water. If possible in the high 60's. In a river, where the action of the current keeps the water temperature pretty much uniform, low temperature areas are confined to the spring holes and cold seepage areas along certain banks; also, to the mouths of the feeder streams. These are the concentration areas and when you find them, there also will you find the big small-mouths.

In a lake, the temperature arrangement is apt to be somewhat more complex. When the ice first "goes out" in the spring, lake temperatures, while quite chilly, are apt to be about uniform throughout. A few warm days, however, brings about changes and the water divides itself into three well defined temperature layers. The top layer or "epilimnion," as the lymnologists call it, is a shallow affair, usually not more than two or three feet deep. The lower layer, or "hypolimnion," is more comprehensive, taking up most of the water in the lake.

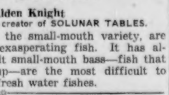
Between these two layers is the "thermocline" — "temperature slope" would be the free translation. This acts as a cushion between the warm upper layer of surface water and the cold, deep lower layer. Usually this thermocline layer is only 20 feet or so in thickness, but its temperature range takes in sometimes as much as 25 or 30 degrees.

ALL RIGHT— how does this temperature affect the movements of the adult small-mouth bass? We know that he prefers a temperature of 67 degrees if he can find it. The upper edge of the thermocline is, in most lakes, about 75 degrees the summer months. The lower edge of this band is down near the 50 mark. Somewhere along the line, usually about 20 feet below the surface, is the desired 67 degree mark.

If our big bass can find a good feeding area, such as a bar or rocky shoal, that has approximately this temperature, there he will spend a great deal of his time.

Not very often does a big small-mouth show much interest in top-water lures, fished along the shore lines. We say, a great deal of his time is spent in the temperature zone that suits him best. However, during a Solunar Period he will leave this area and cruise about the shallows in search of food.

THEN HE WILL take almost anything that moves and looks edible. Thus, when you are fishing for him, it is wise to keep track of your schedule of Solunar Periods. Knowing in advance where he is apt to be, you can gauge your fishing and your choice of lures accordingly.



According to the Solunar Tables calculated for this area, the best times for fishing for tomorrow will be as follows:

(Use Mountain Standard Time)

Claim Reds Curb Roman Catholics

By JOHN TALBOT

VATICAN CITY, July 25—(Reuters) — The Roman Catholic Church has been singled out by Russian authorities for special attention — and suppression—according to well-informed Catholic sources who have returned here after living for many years in Russia.

Reports from these sources stress that the Roman Catholic religion is the religion not only of the Russians themselves but also of the Poles, Germans, the White Russians, the Ukrainians, the Lithuanians, the Estonians, the Latvians, the Finns and the Armenians, all of whom have been deprived of all priestly administrations since Catholic priests, as such, no longer exist in Soviet territory.

The Catholic clergy in Russia was literally wiped out in 1920 when the last priest was arrested, and it is impossible to introduce Catholic religious literature into the country.

The Jews, estimated at between 5,000,000 and 6,000,000 are at liberty to publish books of prayers. Protestants, numbering some 2,000,000—the great majority of them Baptists—enjoy certain privileges denied to members of the Catholic church.

Members of the Orthodox Russian Church, on the other hand, are particularly favored, the reports declare, owing not only to the fear of the Soviet authorities of antagonizing the church, but also to their desire to build it up and absorb the Catholic section of the community.

Want U.S. Deport "Excess" Russians

WASHINGTON, July 25—(AP)—Turned down by the Soviet government on a trip to Russia, a Congressional sub-committee yesterday urged immediate removal of all excess Russian nationals" from the United States.

Representatives Charles Kersten (Rep.-Wis.), sub-committee chairman, proposed this step to State Secretary Marshall.

In addition, he asked in a letter that the secretary "adopt a strictly reciprocal policy towards Soviet nationals and authorize the residence in this country only that number of Russian nationals as is permitted to citizens of the United States in the Soviet Union."

Kersten and Representatives T. L. Owens (Rep.-Ill.) and John Kennedy (Dem. - Mass.) were named as a sub-committee to visit Russia in September to study education and labor conditions.

The state department approved, Kersten said, and provided passports. He added that he saw Soviet Ambassador Nikolai V. Novikov July 2 to apply for visas.

On July 19, he got a letter from Yurl M. Brusiov, chief of the consular division of the embassy turning down the trip.

If a person cannot dive but must jump into the water feet first, he should hold his nose for the water is forced up the nostril and can carry infection to nose, throat and sinuses, say health experts.

Cost of Living

FAIRBANKS, Alaska: The people here are getting understandably weary about discussing the high cost of living. Every new visitor moans and claps a hand dramatically to his forehead on discovering that watermellon sells for 90 cents a pound, a tin of soup is 25 cents, honey, $1.65 a pound, a loaf of bread, 30 cents, and eggs $1.20 the dozen.

The residents themselves have come to accept this inflation with a shrug and are jus. a little bored with the visitors' carryings on.

"Prices were always a third to a half higher than in Seattle," an old-time Fairbanks business man told us over a 20-cent bottle of pop. "They always will be. It's only because we're in the news with the war effort that these prices seem out of line."

Actually, the cost of living here now is a good deal higher than it was before the war. The primary cause is increased freight rates. Almost everything that's sold comes up the coast by boat to Seward and on by rail to Fairbanks. Some perishables are flown in, but the north still lives largely out of cans.

The Alaska Highway itself seems to have made no difference in the city's economy. A small amount of freight comes in by big refrigerator trucks, but it's a long and expensive haul.

This inflation isn't altogether honest. There's plenty of loose money around. Construction workers make high wages with long hours of overtime. That kind of money has created prices that probably won't level off until the pro-

(Continued on Page 10)

Work to Proceed On Grierson Homes

Work will proceed to complete 25 homes on the Grierson estate housing project, as fast as supplies and materials will permit, Gordon Murchison, director of Veterans Land Act, Ottawa, announced today, after a meeting with the veterans concerned, and with the main contractors and sub-contractors. An agreement was reached, which was "mutually satisfactory" between the various parties.

The veterans agreed to pay an additional $300 to complete their homes at a meeting Wednesday night. Terms offered to the contractor and sub-contractors involved, were agreed upon at a meeting Thursday morning.

The contractors will be given the benefit of all priority available under the Veterans Land Act, Mr. Murchison said. Contractors will proceed to complete all of the homes on the estate immediately.

Mr. Murchison, who will leave for Ottawa tonight said that the overall veterans housing situation in Edmonton is "quite satisfactory."

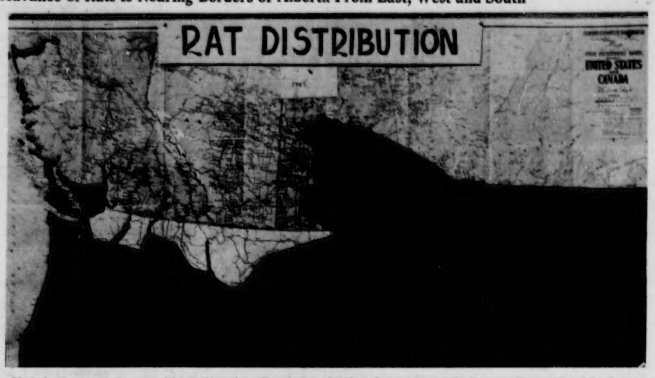
In a meeting in the Eastwood High School Thursday night, about 60 veterans adopted the following resolution:

"That these people will be given 30 days to decide as to whether they will purchase these houses or not—the decision to be given 30 days from the mailing of contracts to the individuals."

Mr. Murchison gave the veterans to understand that wherever defective materials or workmanship had occured the equipment would be replaced at no extra cost to the veteran.

Percy Gwynne, president of the Montgomery Branch of the Canadian Legion, was chairman.

Advance of Rats Is Nearing Borders of Alberta From East, West and South



Blacked out areas on the map pictured above show the extent to which rats have infested provinces and states bordering on Alberta, and furnish a graphic illustration of the danger of invasion faced by this province within the next two years. It will be noted that isolated pockets of the rodents are to be found throughout British Columbia but these do not represent the danger to the province of the threatened influx from the east. The advancing rodents throw out salients along main transportation lines. They do not attack sparsely settled areas. Provincial officials estimate that at the present rate of advance, rats will reach the Alberta border in 10 years.

BEFORE THE MAGISTRATE

Three Theft Charges Bring Term in Jail

After being given two chances to go straight by receiving suspended sentences for crimes committed in British Columbia, Donald Walter White, Vancouver, finally received a jail term when he appeared before Magistrate Harold L. Hawe Friday morning on three charges of theft.

AT THE COAST CITY he re-ceived suspended sentence terms during 1946 on charges of attempted shopbreaking and theft of an auto. Magistrate Hawe imposed a three-month imprisonment term for each of the accused's latest charges, the terms to be concurrent.

Evidence showed that the accused broke into three autos on July 13 and stole numerous articles. He was apprehended by Detectives Roy Dick and Alex Bremner when he entered a second hand store to sell some of the stolen goods.

* * *

Clement Hawreluk, Spedden farmer, was placed on suspended sentence for one year and bound over to keep peace after his plea of guilty to a charge of threatening to kill his wife from whom he has been seperated for some time.

* * *

Thomas McKee, Edmonton, a former hospital orderly, pleaded guilty to a charge of entering Hardin's Drug Store, 10339 95 street, on Thursday night and was remanded for sentence for one week. About 10.45 p.m. city police were informed that a window had been broken in a rear door of the drug store. Constables Ken Shaw and Alex Osadchy investigated and found the accused hiding behind a large box on the premises.

* * *

John Wilson, 9020 95 street, appeared on a preliminary hearing on a charge of shopbreaking and was remanded until Saturday morning. The hearing was started but had to be remanded to allow the Crown to bring another witness.

Constable Art. McCormack, who arrested Wilson, took the stand and testified that he saw the accused coming out of the east door of the Westminster Service Station, 114 street and Jasper on the early morning of July 4. McCormack said that when he questioned the accused as to what he was doing in the garage Wilson replied that he had seen a prowler enter the building and was looking for him.

On searching the accused's car McCormack alleged that he found some golf clubs, golf bag, some sun-glasses, a wallet, spare tire, rim, wheel and several other articles. McCormack also found that a window had been smashed in the east door of the garage.

Wilson is also charged with theft of articles from three automobiles. Some of the stolen goods include, three pair sun-glasses, a screwdriver, a wallet, tire, tube, rim, golf bag, five golf clubs, an auto robe and a dress.

Council for defence said that Wilson would waive the preliminary hearing on the three theft charges and allow them to go to supreme court.

Crown Prosecutor Donald Mason asked for the one day remand to enable him to contact the proprietor of the Wesiminster Service station and have him testify.

Resigns Position Govt. Draughtsman

Resignation of Alexander R. Davidson, chief draughtsman for the provincial department of public works was accepted Friday. Mr. Davidson, a native of Edmonton, has accepted the position of chief draughtsman for C. Woodward, Ltd., Vancouver and will leave at once for the coast city to take up his new task.

He has held the position he is now leaving for three years and during the war acted as chief draughtsman for C. P. Air Lines.

Plans to Inspect Mining in North

Dr. Hugh Keenlyside, recently appointed deputy minister of the federal department of mines and resources, will arrive in Edmonton next Wednesday in the course of his first tour of inspection of mining and development in the North West Territories and Yukon, it was announced Friday by the Alberta and Northwest Chamber of Mines and resources.

Itinerary for the deputy minister was being arranged at a meeting of the chamber's directors in Edmonton today.

"Among points which he will visit will be Norman Wells, Yellowknife and Whitehorse. On his return to Edmonton early in August it is expected Dr. Keenlyside will make a familiarization tour of the Leduc sector of the new Edmonton oil fields.

To Operate Oil Reclaiming Plant

An oil reclaiming plant will be operated by the Northern Investment Co. on the Fort Saskatchewan road it was announced today. Estimated to cost $10,500 completed, the plant will be in operation in about five weeks.

To refine used oil for lubricating purposes, the reclaiming plant will have a capacity of one refined barrel of oil per hour, and will employ between 14 and 16 men.

Alterations to the present building on the property will begin immediately, and machinery will be installed in about a month. Machinery will include an air compressor, high pressure steam boiler, and condenser.

Continued Storms Expected in City

Thunderstorms are expected to continue this evening and skies will remain cloudy. Winds will be gusty to 30 miles per hour during thunderstorms tonight. Continued warm weather is expected for Saturday, when skies will clear.

The maximum temperature yesterday was 83 above at 6 p.m. and the overnight low registered 57 above at 6 a.m.

The estimated low temperature tonight is 58. Expected high temperature Saturday is 78 above. T

In Leduc Sector

Three More Oil Wells Attracting Attention

Three more wells in the Leduc sector of the Edmonton oil fields Friday were crowding each other for the lead position in the accelerating development pace, as Imperial's No. 10 well was completed and shut in with a gas pressure of 3,525,000 cubic feet at a 24-hour rate now awaiting piping as fuel to various projects throughout the field. The No. 10, a dry gas well, was bottomed at 3,452 feet in the Viking sand structure and will be used as economical fuel on such operations as steam rotary drilling rigs.

DRILLSTEM test on Leduc No. 6 Thursday showed remarkable pressure and on open valve produced 45 barrels of crude in one half hour, a rate equal to 2,160 barrels per day.

While officials were unrestrained in their enthusiasm over the high potential exhibited in the test on No. 6 well now at 5,359 feet which will be bottomed and brought on production early next week, their No. 7 well shifted attention of petroleum engineers and geologists.

WITH FIVE ALREADY in production, one dry gas well shut in and ready to distribute, another petroleum well about to be placed on flow, the No. 7 Leduc well of Imperial in a drillstem test late Thursday yielded a rise of 1,250,000 cubic feet of dry gas and a 19-foot column of oil and gas cut mud. Now at 5,181 feet the No. 7 will be drilled deeper into the porous zone, officials said Friday, day.

Progress on other Imperial projects was reported as Muskeg, 4,578 feet; Battle Lake, 4,473; Paddle River 5,031; Lovaneer, 3,500 feet and probing for broken drill particles. Morinville, 4,351 feet and still held up through cementation.

There was no report on Leduc No. 8 well. Eleventh and 12th wells of Imperial are being rigged up and will be spudded in shortly.

One of the most active of the independents, Anglo Canadian-Home-Calgary and Edmonton Corporation, was reported Friday to be preparing to drill their new wildcat located at Wabamun Lake, a new sector of the Edmonton oil fields about 40 miles west and

(Continued on Page 10)

As Rights Bill Rejected

Government 'Amazed' At London Ruling

Decision of the Privy Council that both sections of Alberta Bill of Rights are ultra vires of the powers of the provincial Legislature would "appear to nullify the specific powers conferred upon the province by the BNA Act," according to a statement issued Thursday by the provincial government.

PART I OF THE bill, which outlines freedoms and liberties which should be the "right" of every citizen of Alberta, provides for a minimum annual payment of $600 to each. This is provided for in part II of the bill by setting up of a Board of Credit Commissioners empowered the "capitalize the productive resources of the province." Part II also provides for licensing of banks.

When the bill was passed by the Legislature in the 1946 session, one clause provided that it should not be proclaimed and thus become effective, until its validity had been determined by the Supreme Court of Alberta or higher courts in case of appeal.

Decision of the Alberta Supreme Court that Part II of the bill was ultra vires, resulted in an appeal to the Privy Council. Special permission had been obtained to bypass the Supreme Court of Canada on the appeal.

DECISION of the Privy Council that the entire bill was ultra vires was announced Thursday in London.

Statement of the provincial government follows:

The government of Alberta is both disappointed and amazed as a result of the apparent adverse decision of the Privy Council in declaring the entire Bill of Rights Act ultra vires of provincial powers.

While it is impossible to comment on the Court's verdict until the text of the judgment is available, its implications upon the entire national situation is both serious and staggering. The ruling that Part I of the Act is beyond the constitutional powers of the province constitutes, in effect, a declaration that provinces are not responsible for social security measures and would appear to nullify the specific powers conferred upon provinces by the BNA Act in respect of civic and property rights.

ALTERNATIVELY the decision means that nothwithstanding the constitutional responsibilities of the province they are denied any constitutional authority to carry out those responsibilities, a state of affairs which can lea. only fo national chaos and irresponsibility of government.

The Alberta government has received a clear mandate from the people of this province in three successive elections to institute reforms which will liberate them from the tyranny of the present finance-dominated economic system. Whatever the legal interpretation of the written constitution may be, this government recognizes that the people are the highest authority under our traditional democratic constitution. Any legal decision which conflicts with the clearly expressed will of the people should be referred to the people for the final verdict.

THE DECISION of the Privy Council on the validity of the Alberta Bill of Rights does not meet the issue in respect of which the people of this country have a right to demand an answer—namely the assurance that the vast resources of Canada will be used to provide all Canadians with the economic security and the full freedom for which so many of our citizens laid down their lives in the war.

However, before any further announcements will be made in this connection, full consideration will have to be given to the text of the Privy Council judgment following its receipt and the return of Premier Manning to the province.

Convention Chairman

ED BRYANT

Amateur Radio Fans Meet Here

About 200 delegates from the four western provinces will attend the annual get-together of Western Canada radio amateurs with the Northern Alberta Radio Club in the role of host on Saturday and Sunday in the Masonic Temple.

This year will be the first time since 1939 that the convention has been held in Edmonton.

The convention chairman will be Ed. Bryant, president of the Northern Alberta Radio Club.

Registration will commence at 10 a.m. Saturday in the Masonic Temple.

A VARIETY OF RADIO subjects of scientific interest will be discussed. Principal speaker will be H. T. Stevinson, assistant engineer with the National Research Council, who will deal with the subject "The use of electronics in flying wing experiments."

A banquet will be held at 7.30 p.m. Saturday in the Masonic Temple.

During the afternoon on Saturday, wives of visiting delegates will be guests of the Northern Alberta Radio Club on a brief shopping tour and at tea.

On Sunday, a picnic will be held at Lakeview. Buses will leave the post office at 1.30 p.m. and all "ham" radio fans desiring transportation are asked to be present not later than 1.15. Lunch will be provided.

More than $300 worth of prizes have been provided by national radio manufacturers and by local distributors during the convention.

There are more than 100 "ham" radio fans in Edmonton, with a total of 350 in Alberta. There are between 2,000 and 3,000 in Western Canada.

To Attend Fair

A. L. Burrows, 2nd vice president of the Edmonton Chamber of Commerce, will represent the Edmonton chamber at the Vegreville fair which will be in progress from Monday to Wednesday next week. Invitation to the Edmonton chamber was extended by J. Fitzallen, secretary-treasurer of the Vegreville Exhibition Association.

Allowed 2 Months To Prepare Briefs

Interested organizations wishing to make submissions to the commission inquiring into provincial-municipal relationships in the field of responsibility and taxation will be given two months to prepare their briefs, Hon. C. E. Gerhart, minister of municipal affairs announced Friday.

Some research into the problems to be presented to the commission has commenced, Mr. Gerhart said, and J. W. Judge, deputy minister of the department, who has been selected by the government as commissioner, has completed preliminary organization.

All interested bodies have been notified that the work has commenced and have been asked to spend the next two months preparing their submissions.

At the end of two months, announcement will be made as to the dates of public hearings.

Oil Wells

(Continued from Page 9)

south of the Alberta capital.

THIS EXPLORATORY "team" holds a block of 170,000 acres in the Wabamun Lake district. The new No. 1 well site will be drilled by Drilling contractors Limited, now moving in their power rotary last used on the Beaverhill Lake wildcat.

Extensive core drilling tests and seismograph checks were carried out on the area of the new project. Oil authorities tentatively estimated depth to top of lime in this area to be about 5,300 feet, and expect drilling will have to go at least another 1,000 feet below that level to test the various structures which were found productive in the Devonian shield at Leduc.

DRILLING WAS continuing at McColl-Frontenac's three projects in the Wetaskiwin area, but no late report was received Friday from the company's exploration office in Calgary.

Reaching depths in and approaching the Devonian which, with Imperial's discovery Feb. 13, focussed world attention on the new Edmonton oil field, several other projects were reported Friday as making rapid depth progress.

Below the following levels were B.A. Pyrcz No. 1, 4,864 feet; Okalta Leduc No. 1, 4,840 feet; Globe Leduc West No. 2, 4,650 feet.

Enjoying a significant location near Imperial's proved producers Leduc Consolidated No. 1 is now below 3,560 feet, and a geologist's report was expected some time today which will compare findings with those of Imperial's No. 1 and 2 producers when they were at this depth. This independent's No. 1 well is set and cased at 250 feet and drilling was expected to commence late this afternoon. Drilling rig for this company's No. 2 well has arrived at the Leduc railhead and operations are expected to start this coming week.

To the northeast in the Lloydminster field heavy activity was also reported, as was the case in the south in Turner Valley and Foothills area.

Neither the north nor the south magnetic pole coincides with the geographic pole.

Heads Committee

W. A. "Bill" Anderton, who is in charge of entertainment for 85 Lions, who will be the guests of the Edmonton Lions club Aug. 8.

East Lions Visit City on Aug. 8

Edmonton Lions Club will be hosts to 85 Quebec and Ontario Lions on Aug. 8, it was announced at the regular meeting of the club held in the Macdonald hotel Thursday noon.

The Lions are on a good will tour and will arrive in Edmonton early in the morning of Aug. 8. The tour of the group will include: Seattle, Vancouver, Calgary, Winnipeg, and San Francisco.

W. A. Anderton is in charge of the program of entertainment during the stop here. Although plans are not completed yet, it is hoped a tour of the city and of the Leduc sector of the Edmonton oil fields will be included in the day's activities for the visitors. A banquet and entertainment in the evening will close the program before the group leaves late in the evening for Eastern Canada.

Thursday's program was under the direction of Gene McCall and Cy Bush. They gave a mystery program, which turned out to be entertaining and amusing. Many members were called upon to give a two minute-speech on such subjects as: your first date, your most embarrassing moment with your banker, and others that gave an excellent fare of entertainment for the members.

City Employes Offered $5 Raise

City of Edmonton has offered, in effect, a $5-a-month increase to civic employes who have asked for a wage increase of $25 per month. It was announced today by D. B. Menzies, city commissioner.

If the employes accept the city's offer, it will mean a total city payroll increase of $70,000 a year, stated Mr. Menzies.

What the city is willing to grant the employes is an overall $390 a year wage increase for each employe, over and above the 1939 salary rate. The $390 figure is based on a 25 cents per week, per point increase in the cost of living index in Edmonton, which at present is at 129.6.

However, since previous wage increases have been granted to city employes—in 1944 all city workers received a $220 overall wage boost, and other increases have been made since then—a five dollar raise is all that city is prepared to pay.

The $5 boost will bring city employe wages close to the $390 mark in the majority of cases.

The $5 raise offer also applies to employes of the Edmonton Transit System provided the union will withdraw its request for a board of arbitration. The offer does not apply to the telephone department employes, with whom a separate agreement was reached last year.

If civic employes accept the present offer, the new rate of pay would be made retroactive to January of 1947, it was stated.

New Manufacturing Plant Is Planned

A new manufacturing plant for the production of oxygen and acetylene for welding and cutting steel will be constructed before Nov. 1 by the Canada Liquid Air Co. Ltd., it was announced today by J. M. Duncan, district engineer for the company.

Cost of the building will be between $150,000 to $200,000.

The plant will be built on the Penn site. It will be a single storey factory-type structure, and will employ about 30 people.

•Work on the new plant will begin immediately, and it is hoped by company officials that it will be in operation by fall.

The Canada Liquid Air Co. Ltd. operates 15 such plants in Canada.

Maynard Returns About August 15

Return to the city of Hon. Lucien Maynard, KC, attorney-general is not expected before Aug. 15, according to officials of the department. Deputy attorney-general H. J. Wilson KC is expected to return on July 31.

Both officials arrived back in Canada Wednesday and are attending conferences I Ottawa and other Eastern Canada points before returning to the city. Mr. Maynard is expected to take a brief vacation after returning here.

They attended sessions of the privy council in London, at which Mr. Maynard pleaded with the law lords to upset the decision of the Alberta Supreme Court that Part II of the Alberta Bill of Rights was ultra vires.

The Privy Council, however, announced its decision this week that the bill was ultra vires.

Our Town

(Continued from Page 9)

gram of military construction has been completed. It's anybody's guess when that will be.

$4 T-Bone

Our own small stake of $50 allowed us by the Canadian customs, has held up fairly well, but only because we're sleeping beside a creek in a clearing eight miles out of town and cooking our own meals.

As Alaska Highway travellers, we've come to accept high prices with as much aplomb as a Fairbanks citizen. From Whitehorse on north you're strictly in the high rent district.

At that, it's not nearly as expensive as we'd expected. We were told, for instance, to expect an average of 70 cents a gallon for gas. The highest we've actually paid was 67 cents at an isolated pump south of Whitehorse. The average for the whole trip is closer to 55 cents.

The roadside "hotels" average about $4.50 a night and you can't eat under $1.50, but the accommodation and the food is generally good. With a couple of exceptions we haven't felt that prices are exorbitant.

So far we've had only one meal in a Fairbanks restaurant—veal cutlets at $1.50, but the menue listed a T-bone steak at $4, stuffed tomatoes with chicken salad $1.75, Crab Louie, $2.50, and fried half spring chicken, $2.50.

This particular cafe is about as reasonable as any in Fairbanks, we were told. The prices at the roadhouses and "night clubs" on the outskirts of the town are something else again.

Any bulldozer operator planning the night out will work many an hour overtime to listen to the Three Beats (direct from Long Beach, Cal.) Currently playing at the Ranch.

Comes Out Even

All the other prices we checked in wandering about the town are about double the "outside" figures.

A haircut is $1.50, white shirts are six dollars, $2.50 to have a suit cleaned, 40 cents to wash a shirt. Fruits and vegetables, most of them airborne, are correspondingly high. Brown Eyes bought a small, limp head of lettuce for 55 cents.

The meat on display are all frozen and there are stacks of handsome T-bone steaks, apparently a steady diet for well-heeled Alaskans.

We discussed these food prices with the manager of one modern serve-yourself grocery store, a branch of a big U. S. chain.

"We've got just about everything you'd expect to find on the shelves of our stores in the States," he said. "The prices can't be helped. Frankly, I don't think there's any lower standard of living because of them. Wages are higher in every line than they are outside. It all comes out about even."

Incidentally, Canadian money looks pretty sick here. The 15 per cent discount is the general rule and even in the post office they wouldn't accept our coins.

A clerk in a stationary shop went so far as to figure out the discount on 25 cents worth of postcards. She settled on three cents and was pretty disconcerted when we had to give it to her in Canadian pennies.

7 Yugoslav Exiles Sentenced to Die

BELGRADE, Yugoslavia, July 25 —(Reuters)—Death sentences were passed by a military court Thursday night on seven Yugoslav exiles alleged to have spied in Yugoslavia for the British field security service. The men were said to belong to a band of 12, captured after the assassination of a district government officer near the border of the British zone of Austria.

There are about 75 pyramids in Egypt.

No Applications Boost Gas Prices

No applications for permission to increase gasoline prices in Alberta have been received by the government according to Hon. A. J. Hooke, provincial secretary.

British Columbia reports stated that acting premier, Hon. Herbert Anscomb of that province had said oil companies sought increases ranging from one and a half to 3 cents a gallon for gasoline.

The government of the coast province would give "careful consideration" to the applications, it was said and added "If it is found that labor and other costs have gone up to such an extent that increase must be granted, then that will have to be recognized."

Oil company officials serving the Edmonton district deny that any increase in gasoline price is needed here.

Arrangement Made For Air Migration

LONDON, July 25—(AP)—Hon. Dana Porter, Ontario minister of planning and development, said that an arrangement "satisfactory to all concerned" had been reached at Ottawa and the Ontario government plans to go ahead with its plan to transport 7,000 British emigrants to the Canadian province. Porter made his statement to the Canadian Press when asked of the possibility of a hitch in the immigration scheme through suggested contravention of the United Kingdom-United States air agreement.

Dies in Asylum

LONDON, July 25.—(Reuters)—Thomas John Ley, former minister of justice in New South Wales, Australia, reprieved as insane after being convicted in London last March of the murder of a hotel barman, died last night at Broadmoor criminal lunatic asylum.

To Attend Meeting At Fort St. John

J. M. MacArthur, general manager of the Northern Alberta Railways, and W. R. May of the Canadian Pacific Air Lines, will represent the Edmonton Chamber of Commerce at a district meeting and banquet of the Fort St. John Board of Trade on Saturday.

Twenty-one members of the transportation and customs bureau of the Vancouver Board of Trade are scheduled to attend the meeting, which will deal with problems associated with transportation by land, air and water.

Joseph H. Corbie, MLA (CCF) for the Peace River Block will be a special guest. Invited also to attend was John R. MacNicholl, MP (Prog.-Con.) Toronto-Davenport.

BIRKS JEWELLERS

IT'S HERE!..The GREATEST SUDS DISCOVERY in 2000 YEARS!

Procter & Gamble's

dreft

GIVES YOU

FASTER, BRIGHTER, SAFER, CLEANING

EVEN IN THE HARDEST WATER!

Dishes Shine Even Without Wiping

It's a Fact! No soap in the world performs the miracles Dreft performs in your dishpan. It makes dishes shine—even without wiping!

No Streaks! Dreft's amazing suds rinse clean and clear—leave no greasy streaks or cloudiness the way all soaps do. Even glasses sparkle like jewels—towel or no towel. And remember—Dreft is kind to hands.

Lingerie

STAYS BRIGHTER AND FRESHER! NO SOAP-FADING!

It's the greatest suds discovery in 2000 years! You'll agree when you see how your lovely lingerie stays color-bright and fresh far longer when washed with Dreft. There's no *film* to give that faded look. Dreft's rich suds keep your pretty colored slips, blouses, "undies" fresher than any soap could ever do.

Stockings

WEAR LONGER! LOOK LOVELIER THAN WITH ANY SOAP!

You'll be delighted at Dreft's gentleness to stockings! Dreft suds leave no soapy film to heavy-up hose and cloud their beauty. Colors stay fresh far longer than with any soap. Nightly Dreft-washing prolongs stocking life—gives noticeably longer wear!

New Woolens

WASH SOFTER, FLUFFIER THAN EVER BEFORE!

When washed in Dreft suds your precious new woolens are a joy to look at—a delight to *feel*! You see, Dreft leaves no soapy deposit to coarsen woolens or dim their colors. Your lovely new sweaters and baby things wash softer and fluffier than ever before. Yes, softer and fluffier than with even the most expensive soap flakes!

Almost every form of literature is represented in the Bible ... The American Indian is believed to have come originally from Asia.

SURPRISE! SURPRISE!

Only a new word can describe it!

not just cleans But MACLEANS!

Imagine a toothpaste surprising people! Yet—*that's just what happens when you first use Macleans!* Its cool, brisk, breath-freshening tang is so different. And the way Macleans safely polishes your teeth to a "high" natural sparkle—with all trace of dingy smoke and surface stain gone—that's astonishing, too! Find out why people say—Macleans is a new word in tooth-cleansing experience. Buy amazing, economical Macleans *today!*

★ Exhilarating . . . refreshing . . . sweetens your breath.
★ Helps remove smoke or surface stains.
★ Gives teeth dazzling natural brilliance.
★ Even your *dentist* will be surprised at the difference!

Yes, it's a special liquid solvent in Macleans Tooth Paste that helps make teeth dazzling white!

Why Grow Old?

By Josephine Lowman

Q. "Please tell me how to get up out of a chair gracefully. I suddenly realize that have been climbing out of them. I always push with my hands and sort of spring up."

A. Do not use your hands. Place one foot forward or ahead of the other, lean forward slightly, and make your legs do the work of getting you up.

Q. "I am a girl of 15. I am 5 feet 10 inches tall and weigh 140 pounds. My bust measures 35 inches, waist 29 inches and hips 38 inches. Please tell me what is wrong with my figure."

A. You are certainly not overweight and I imagine your are built fairly large. You are not badly out of proportion but, if you wish to strive for perfection, lose at least an inch from your waist and hips. Do not diet, but take special exercises.

Q. "I am a little over 18 years old. I would like to take up modelling in a few more years. I am 5 feet, 4 inches tall and weigh 130 pounds; bust 36 inches, waist 27 inches and hips 37 inches. What should I do to make my figure more perfect?"

A. Your proportions are good. You would have to lose a few pounds. Models are usually taller than you are but you may not have reached your full height. You will also probably slim down naturally. Wait a few years and see what happens to your figure. In the meantime, forget candy, whipped cream, soda fountain mixtures and leave off deserts, replacing them with fresh fruit.

Q. "The skin around my fingernails has become rough and has peeled from biting hang nails. My hands look horrible and I have to keep pulling off the loose ends of the skin. Please help me locate some process which will get rid of this condition."

A. Well, the very first thing to do is to break yourself of the habit of picking and biting at your cuticle, or the skin around your nails. This will take constant thought since this has, no doubt, become a habit. While cutting the cuticle is not usually recommended, it will probably be necessary at first in your case. I suggest you let your nails grow long enough to be attractive and then go to a beauty salon for a manicure so your fingertips will look as nice as possible. Following this routine, apply cuticle oil each night to the skin about your nails. Buy an orange stick and put a little piece of cotton over the end. Dip this in cuticle oil and push the skin back from the nail, massaging the oil into the rough surfaces.

Do you climb out of your chair or rise gracefully? Actress Barbara Bates demonstrates Josephine Lowman's instructions for his graceful methods

Your Baby and Mine

By Myrtle Meyer Eldred

If you haven't shopped for a baby in a long time you may not be aware of some of the novelties available within the last year or two. There is some new equipment unlike any we have ever had previously and some improvements in the old equipment.

When I was shoping recently for two new grandchildren, I was struck with the differences in some of th traditional clothing and equipment.

I like the new cribs, with their high head and footboards, the interesting nursery designs upon them and some with the huge, colorful balls rotating on rods inserted in the foot boards. Nice for eyes to look at and inquisitive little hands to feel.

Nice for mother, too, to have mattresses which can be placed at different levels, so she needn't break her back lifting or changing the small baby. The mattresses go down as the children grow taller.

The new, knitted kimonas the soft and light-weight and just as attractive in decoration as the cotton-flannel ones. They resemble the knitted nighties.

Nothing could be prettier than the light - weight coverings for new babies, the thin pastel flannel square, with bound edges and one corner rounded and made into a frilly, Red-Riding Hood bonnet. Then there is a regular snuggle bunny made of the same fine flannel, suitable to the spring, summer or fall baby.

Look at the narrow, shallow seats padded and provided with a wide elastic band for holding the baby tilted at any angle in chair, car, train or plane. They are amazingly handy for carrying baby and useful as a feeding seat for baby as early as three months. He is comfortable and the mother has her hands free for the job she is doing.

Small, plastic seats which fit any toilet, can be collapsed into a container any child can carry. Wonderful for travelling and for regular home use, too.

For a nice gift I ran onto a beautifully attractive record book and a book just for baby's photographs and snapshots. A nice gift for the young mother.

And don't overlook the improvements in play, pens, in go-carts, in the colorful sturdy tops and in the small low tables for dining and playing. There is nothing so good, it seems, that imagination can't make it better.

Our leaflet No. 1, "Advice to Prospective Mothers," may be had by sending a stamped, self-addressed envelope with your request to Myrtle Meyer Eldred in care of The Edmonton Bulletin.

Photo by Studio Royal

Doreen Glen, age two years, daughter of Mr. and Mrs. W. Bevington of 12706 108 Avenue.

DOROTHY DIX *says:*

Separate Vacations Good for Couples

Dear Miss Dix: How long a vacation should a wife take in the summer?

Answer: Long enough for her husband to miss her, but not long enough for him to find out that he can do without her. Or to put it a little more specifically: Long enough for the house to get all cluttered up, all the dishes in the sink and all the towels soiled and all his shirts and collars lost, but not long enough for him to learn how to cook bacon without scorching it, and to remember to send out the laundry. Long enough for him to get lonesome, but not long enough for him to find companionship.

In spite of all that is said by the complacent wives who believe that their husbands never draw a happy breath away from them, I am strong for husbands and wives taking their vacations separately in most cases. For a vacation should be a vacation and if isn't a vacation if it doesn't give us a change.

OF COURSE, a woman may sacrifice herself, drag off to the woods and spend a miserable time with the mosquitoes and red bugs in order to take the kind of vacation her husband likes. Or the man may martyrize himself by going to a resort hotel with his wife because she wants to show of her new clothes. But in either case the victim is peeish and faultfinding and spoils the pleasure of the other one, as well as being personally wretched.

So why not for a little common sense in deciding the vacation question, and each to do what he or she likes and leave the party of the other part to do the same?

Dear Dorothy Dix: I am involved in a triangle of circumstances. I am 23, in love with a fellow of the same age who was married to a girl while he was in the service. His father, who was recently divorced because of me, loves me not knowing I am in love with his son.

Shall I marry the father so as to be near his son, hoping that the son and his wife will some day get a divorce and then he can be mine? Or shall I find other interests and give up the man I love?

DESPERATE.

Answer: You certainly must be a fast worker, and uninhibited by any morals, if at 23 you already have caused the divorce of an elderly man and his wife and you are planning to separate his son and his wife. Evidently you must specialize in wrecking families.

DON'T YOU think that you have done enough harm in taking Grandpa away from Grandma, without adding to it the appalling crime of marrying the old man so that you may be near his married son for whom you seem to cherish an unholy passion? A fiend from hell could think up no more diabolical plot. It makes me feel that you are wasting your talents in home wrecking. You should go in for writing the sexy novels that are so popular at present. You could add new touches to their plots.

Ottawa Appoints Citizenship Head

OTTAWA, July 25—(CP)—Col. C. A. Krug, assistant director of the citizenship branch of the state department, has been appointed acting commissioner of citizenship, charged with co-ordinating the citizenship branch and the citizenship registration branch into one unit. State Secretary Gibson announced yesterday. Col. Krug is a native of Chesley, Ont.

Edmonton Girl Describes Training for Pre-School Child

By NELLIE McCLUNG, Jr.

Protestant, Jewish and Catholic pre-school children growing up side by side. In a non-denominational house of worship with their parents taking an active interest in their training and fostering sound relations in a growing young community, was described here today by Miss Doris Tanner.

The Beverly Hills church is the key to the community life of Alexandria, Va., where Miss Tanner is one of the seven teachers in the nursery of the church under the leadership of the Rev. William Bason.

A 1945 graduate in household economics of the University of Alberta, Miss Tanner is spending the summer months with her parents, Mr. and Mrs. H. E. Tanner, 11111 88 Avenue.

The co-operative pre-school nursery is one of the many services provided for the community by the church, including square dances every Wednesday evening in the auditorium, a children's parade which is sponsored each fall and and extensive library.

"IN OUR NURSERY schools the children are in an environment of their own interest to companions with homelike things the child is used to, under the presence of adult standards," explained Miss Tanner.

Five years ago many of the young parents felt the need for a group playground and gradually the movement came under the wing of the church. Today, 85 children between pre-school ages of two to six years gather each day at 8:30 a.m. to paint, model, "read" books and listen to a musical period. During the noon hour the children are collected by the parents in a car pool, or others stay into the afternoon for a rest and play period.

Each morning of the week a mother helps the teacher in a classroom just a grade above the one her own child is in, so that she can fully understand the rapid changes in her child. Mothers conduct music periods, type business forms for the school, choose the supplies and help keep the children occupied during the morning.

"Equally important is the co-operation we receive from the fathers who work with hammer, saw or paint brush to keep the school attractive," she said.

THE TEACHERS must guide the growth, develop a spirit of co-operation within the classroom and attend to the needs of each individual child. This includes counselling with the parents, a mid-term report card and a visit to the home with the family three times each year. One child, affected by the strain in the family caused by a lengthy illness of his mother, entered the school with a pronounced stutter but in his new environment and through his "play therapy" the boy was able to express himself and was soon rid of his impediment.

Miss Tanner is looking forward to returning to the school in September and sharing in the co-operative spirit of the young community.

BLACKHEADS

are easily by a simple herbal tint that solves them. Get two ounces of parsley powder from your druggist, apply with a pad, wet cloth gently over the blackheads and you will wonder where they have gone.

Marry in Ceremony at Mundare

MR. AND MRS. HAROLD WALTERS, who were married Saturday at Mundare. The bride is the former Miss Rose Kozak, daughter of Mr. and Mrs. Peter Kozak, and the bridegroom is the son of Mr and Mrs. Joseph Walters.

Coal Production In Alberta Drops

Sharp decrease in coal production in June of this year as compared with a year ago is noted in the monthly report by the provincial department of lands and mines. There were 41,000 fewer tons of coal came from the pits during June 1947.

This decline is almost entirely made up of the decrease from the bituminous coal fields with production in the sub-bituminous field being only 1,000 tons lower than the same period a year ago.

Coal production in the province for the first six months is down by 536,000 tons.

Mormon Pioneers Honored by Utah

SALT LAKE CITY, July 25—(AP)—Utah dedicated yesterday a monument honoring its pioneers, a granite shaft topped by the 12-foot tall figures of Mormon Leader Brigham Young and two companions. Officials of the state's centennial commission estimated 50,000 persons were scattered over the hills at the base of the towering Wasatch Mountains to watch the unveiling of the "this is the place" monument—actual anniversary of the arrival in 1847 of the first band of Mormon colonizers. The centennial exposition will continue until Sept. 20.

128-FOOT FLAGPOLE

VANCOUVER, July 25—(CP)—One of the longest flagpoles ever shipped out of Vancouver is today enroute to the city of Halifax as a gift of the Canadian Pacific Railway. The pole, 128-foot Douglas Fir, required three flat cars to move it. It is to be erected in Halifax as an official civic flagpole.

For Future Safety

Aussies Seek Stern Peace for Japanese

By William Stewart

CANBERRA, Australia, July 26—(CP)—A delegation headed by Prime Minister Chifley and Dr. H. V. Evatt, external affairs minister, will submit to an Empire conference here next month Australia's view on the final peace settlement with Japan.

AUSTRALIA FEELS that such a settlement should stipulate the method of Japan's control, of supervised Japanese government as well as a plan of Japanese payment with industrial equipment and products for destruction and harm to Allied possessions and populations during the war.

The forthcoming Empire meeting is described as a week's preliminary talk among Commonwealth representatives about the problems of Pacific peace and security in view of an Allied treaty-making conference perhaps late in the year.

When Allied representatives meet to arrange the permanent settlement with Japan, Australia wants to be able to speak on the same footing as any other nation engaged in the Pacific war.

THE DEMAND is based on Australia's contribution to victory over the Japanese who in 1942 were well within bombing distance of the Australian mainland and on the belief that future Australian security will hinge on the effectiveness of the settlement.

Australian newspapers supporting Dr. Evatt have already said on a number of occasions that a secondary role in the peace-making will not be satisfactory.

Children on Fire Tossed in Lake

KESWICK, Ont., July 25—(CP)—Clothes and hair ablaze, two young children were hadled from the flaming cabin of the cruiser Lani and thrown overboard to safety following an explosion which rocked the launch owned by Ted Davey, Toronto automobile dealer, at Dawson Harbor, Lake Simcoe, yesterday. The children, Douglas, three, and Jim 4½, sons of the owner, were rushed to hospital in Toronto suffering from burns. Jim died in hospital last night. The children's mother, Mrs. Marie Davey of Islington, Ont., braved the flames to rescue them. She apparently grabbed her youngest child from an inner cabin and in spite of mounting flames made her way to the open and plunged into the water with the boy. Davey managed to get to the other child and push him to safety up to the dock. Four others on the boat suffered minor injuries and burns while Mrs. Davey was taken to hospital with leg and arm burns.

Curtail Service From Bonnie Doon

Bonnie Doon bus service will be curtailed during the summer months to cut maintenance costs, it was announced today by Thomas Ferrier, superintendent of the Edmonton Transit System.

Schedules will remain as usual, but between the hours of 9 a.m. and 5:30 p.m. buses travelling through Bonie Doon and Cloverdale will not come straight through to the centre of the city but will transfer passenger to South Side buses at the low level bridge.

This change in service will be maintained until some time in September, stated Mr. Ferrier.

Ex-Friends Die In Pistol Duel

MONTGOMERY, La., July 25—(AP)—Two former friends, who fell out during a political argument met on the main street and shot each other to death in a midnight duel, Sheriff H. Gillis Bowen said yesterday that Irvin C. Dyson, 67-year-old former constable, fell dead with five bullet wounds. The other participant, Clyde Sheffield, 37-year-old grocery merchant, died 10 minutes later.

Down-And-Out Vet. Has $6,000 Windfall

BOSTON, July 25—(AP)—A five-year search for a 50-year-old south end veteran of the First World War brought him a $6,000 windfall in disability payments yesterday—just in time before his estate was settled on the theory he was legally dead. James E. Dever was found by the veterans administration struggling along on $25 a week as a messenger—unaware of the government payments.

Reds Withdraw Germany Troops

BERLIN, July 25—(AP)—Authoritative Allied sources said yesterday that, despite the turbulent international situation, the Russians have been withdrawing their troops from Germany during the last year. The reports revealed that the withdrawals have been made in such a way that effective fighting units could be built up quickly.

Plane Fatalities Double in States

WASHINGTON, July 25—(AP)—The number of fatalities rose for scheduled domestic airlines here during the first six months of this year, preliminary Civil Aeronautics Board figures show today. For every 100,000,000 passenger-miles flown 5.8 persons died.

Rayon can be economically manufactured in India from bamboo pulp and bagasse, the waste products from sugar production.

Esmak-Kolodychuk Wedding At St. Josaphat's Church

St. Josaphat's Ukrainian Church was the scene of the wedding recently of Miss Natalia Kolodychuk, daughter of Mr. and Mrs. Peter Kolodychuk of Haight, and Walter J. Esmak, son of Mr. and Mrs. John Esmak of Leduc. The Rev. Father J. Kurylo performed the ceremony. Mrs. Emily Maday played the wedding music.

Given in marriage by her father, the bride wore a gown of white satin styled with a fitted bodice having a sweetheart neckline and lily point sleeves. A peplum accentuated the full skirt which finished in a court train. Her long veil was held in place with a beaded headdress and she carried a cascade bouquet of white roses. Her only jewelry was a pearl necklace, gift of the bridegroom.

Matron of honor was Mrs. Michael Krezanaski and bridesmaids were the Misses Eileen Krezanaski and Audrey Tomiak.

Best men were Harry Tomiak and George Andrews.

Mrs. Kolodychuk chose for her daughter's wedding a black crepe dress, floral hat and a corsage of red roses. Mrs. Esmak, mother of the bridegroom, wore a violet crepe frock, white hat and a corsage of red roses.

After the ceremony a reception was held at the Corona hotel, where the bride's table was centred with a three-tier wedding cake, flanked with tapers and vases of summer flowers. Mrs. Adolph Kolodychuk assisted at the reception and Michael Krezonaski proposed the toast to the bride.

After taking up residence at 113-28 62 street, the couple left for a honeymoon at Banff and the United States, the bride travelling in a powder blue suit with white accessories.

Parties Honor Isobel Allen

In honor of Miss Isobel Allen, whose marriage to Douglas Hagerman takes place Monday, Mrs. David Parry and Miss Tony Babey entertained 10 guests at dinner at the Corona hotel this week.

Also for the bride-elect, Miss Kay Deniley entertained at a party at her home when the 20 guests included the girls of the staff of the Bank of Montreal. The guest of honor was presented with a pressure cooker and pieces of china.

Miss Fern Guthrie held a miscellaneous shower at her home recently when gifts from the 15 guests were presented to Miss Allen in a basket decorated in pink and white and having a lid covered with fresh flowers. Mrs. A. B. Allen, mother of the bride-elect, poured coffee, and assisting were Mrs. Norman Tardiff and the Misses Heather Creasley and Enid Bruce.

Mrs. T. D. Dixon was hostess at a tea for Miss Allen and Mrs. Margaret Macdonald entertained at a miscellaneous shower for 15 guests at her home recently. Assisting the hostess were the Misses Constance and Muriel Rushton.

Complimenting Miss Alice Cronk, whose marriage to Roy Jamha takes place Aug. 2, Mrs. Jessie Cronk, sister-in-law of the bride-elect, and Miss Lola Dyster were joint hostesses at a miscellaneous shower Tuesday evening. The Misses Ruby Jewett, Miriam Jamha and Elma Dyster assisted in serving the 18 guests.

Four Generations of Alberta Family Gather for Reunion

Photos by Bland

Four generations of an Alberta family are in Edmonton this week for a family reunion. Pictured above, from left to right, are Mrs. G. Birchell, her mother, Mrs. Mary LeSage and her daughter, Mrs. M. L. Elbrond. Standing in front is three-year-old Barbara Elbrond.

Four Generations of Long-Resident Alberta Family Recall Early Activities at Gathering in City

By MARGARET WEIR

Tales of covered wagons, stories of the first train into Northern Alberta, and memories of the first truckers over the Alaska Highway, were recalled this week as four generations of an Alberta family met in Edmonton. Mrs. Mary LeSage, her daughter, Mrs. G. Birchell, her granddaughter, Mrs M. L. Elbrond and her great granddaughter, Miss Barbara Elbrond, were reminiscing over family history, when interviewed Thursday afternoon.

Crossing the Western United States in a covered wagon drawn by a mule team, Mrs. LeSage travelled from her hometown in Texas to Washington in 1883. In 1908 she journeyed to the Grouard and High Prairie districts of Alberta; a district where she was one of four white women and her daughter, Mrs. Birchell, the only white girl.

Mrs. LeSage recalled how at the turn of the century, Grouard boasted a Hudson's Bay post, RCMP depot, and Anglican and Roman Catholic missions. Living in a predominately Cree settlement, the event of the month was the arrival of mail from Edmonton. In summer it was carried by boat up the Slave River, but in winter horse teams were used in seeing that the mail "went through," a trip that often took three weeks.

MRS. LeSAGE'S clear voice and slight figure belie the fact that she has passed her 80th birthday. Still maintaining an interest in gardening, the old-time resident of High Prairie does all her housework in her home in that northern town.

Mrs. Birchell recalled the Jubilee celebration in 1912, in honor of Bishop Grouard, the man for whom the town is named.

A familiar name to crews and truckers, who built and travelled the Alaska highway, was that of "Ma Birchell." Running a cafe in High Prairie, from 1942-47, Mrs. Birchell was a familiar sight to many a traveler, her cooking a "welcome treat."

As house mother at a university men's fraternity house, Mrs. Birchell finds her days busy baking deep apple pies, frying thick juicy steaks and washing innumerable dishes. Yet she declares that she "loves cooking" and the motherly smile that never leaves her face, seems to testify to the truth of the statement.

To Mrs. Elbrond, who was born and brought up in High Prairie, her grandmother appeared a woman of inexhaustible energy. Always on hand to help a neighbor, she frequently drove miles by horse-back to help a sick friend, and prior to the arrival of the first doctor into the district in 1912, "Grannie LeSage" was always "on call."

MOTHER OF FOUR young children, Mrs. Elbrond finds her days fully occupied. Two-year-old Gordon, Bobby eight and Eddy five, and Barbara three, and her children.

A busy wife and mother, Mrs. Elbrond makes her childrens clothes, and Barbara's pink and white dimity dress is proof that her clever mother knows the stitch that saves nine.

It is seldom that four generations of one family are able to hold a reunion, yet Mrs. LeSage, her daughter, granddaughter and great granddaughter are proof that it can and is being done.

City Visitor

Miss Doris Tanner, who is visiting her parents, Mr. and Mrs. H. E. Tanner, after teaching for the last year in a co-operative preschool nursery in Beverly Hills church, Alexandria, Va.

Married in Church Ceremony

Photo by Houses Studios

MR. AND MRS. WILLIAM GEORGE LAING, who were married Saturday evening in Robertson United Church. The bride is the former Miss Alvera Carson, daughter of Mr. and Mrs. G. Carson, and the bridegroom is the son of M. C. Laing, all of Edmonton.

Trousseau Tea For Bride-Elect

Complimenting Miss Jean Hughes, whose marriage to Robert Mowbray takes place July 31, her mother, Mrs. John D. Hughes entertained at a trousseau tea at her home Friday afternoon and will receive again this evening. Fifty guests were asked to call.

Mrs. Hughes wore a light green mesh dress and her daughter wore a pearl grey crepe frock trimmed with white and complemented with a corsage of roses. Mrs. N. D. Mowbray, mother of the bridegroom-elect received with the hostess and wore a turquoise blue crepe frock.

The tea table was presided over in the afternoon by Mrs. Fred McKenzie and Mrs. J. T. McCreath. Serving were Mrs. Mabel Campbell, Mrs. K. P. Wilson and Miss Ruth Mowbray. Showing the trousseau and gifts was Miss Enid Bruce.

Pouring in the evening will be

PERSONALS

Dr. and Mrs. W. W. Eadie and their daughter, Miss Laverne Eadie, left Thursday to spend the month of July at the summer cottage at Pigeon Lake. Dr. Mary K. Armes and Miss Olive Brown, of the Royal Alexandra hospital, and Miss Emelie Paradis will be their guests at the lake over the week-end.

* * *

Miss Janet Coney returned Sunday from a two-month holiday in Chicago, Toronto and Regina.

* * *

Mr. and Mrs. G. W. Hutchings of Winnipeg, and Mr. and Mrs. E. S. Sargeant of Toronto, are in Edmonton this week, guests of the Macdonald hotel.

* * *

* * *

Mrs A. Mallo, of Coulter, Man., is visiting her aunt, Mrs. T. F. Clode.

* * *

Mr and Mrs. W. J. Windrum, and their two children, of Whitehorse, have arrived in Edmonton where they will take up residence.

* * *

In honor of Miss Ellen Perry, whose marriage to Richard Manning takes place Aug. 2, Mrs. Verne Milne entertained at a kitchen shower at her home recently. Mrs. P. H. Perry assisted with the arrangements. The guests included Mrs. Ruth Pegg, Mrs. A. J. Manning, Mrs. C. H. Perry, Mrs. J. Sproule, Mrs. E. Manning and the Misses Kay McKeon, Margaret Peterson, Hazel and Mildred Ball, Shirley Calder, Dorothy Fountain, Ruth Wood, Marie Carroll, Edna Manning and Maxine Perry.

* * *

Mr. and Mrs. Arthur Berggevin have as their guests Mrs. Ron Walthers and Miss Patricia De Groat of Elko, Nev.

New Package For Foods

HAMILTON, Ont. July 25 — (CP)—A new type of fibre and metal package for frozen foods is making its appearance in Canada this summer, promising consumers considerably easier handling of these popular food products.

The new container entirely eliminates the inner sealed bag and the outer wrap on conventional cartons and is a complete package in itself. It may be easily opened by lifting either one of its metal ends with an ordinary hook-type opener.

The container offers the consumer numerous advantages. Among these are sturdiness and compactness, the ease with which contents may be removed, easy refrigerator storage, freedom from leakage while defrosting, which is particularly important for fruits packed in syrups or liquids, improved preservation of contents, and ease of opening.

The container is semi-rigid in construction and resembles the conventional frozen food carton in shape. The container body is of paraffin-impregnated fibre and the ends of light-weight metal.

Miss Edith Bristow and serving will be Mrs. H. Kihorn, Mrs. Keith Miller and Miss Irene Suitor and Miss Bruce will show the gifts and trousseau.

Robertson United Church Scene Of Laing-Carson Wedding

Robertson United Church was the scene of the wedding July 19 of Miss Alvera Graham Carson, daughter of Mr. and Mrs. G. Carson of Edmonton, formerly of Victoria, and William George Laing, son of M. C. Laing and the late Mrs. Laing of Edmonton. The Rev. Angus J. McQueen performed the ceremony. Prof. John Reesnes-King played the wedding music.

The bride, given in marriage by her father, wore a gown of white satin fashioned with a full net skirt and a bodice styled with a sweetheart neckline and short sleeves with which were worn mittens. Her long veil was held in place with a crown headdress and she carried a bouquet of red roses and baby's breath.

Maid of honor was Miss Joyce Carson, sister of the bride, of Victoria, and bridesmaid was Miss Barbara Campbell.

Best man was Gordon Laing, brother of the bridegroom, and ushers were Eric Willie and Andree Paris.

Mrs. Carson chose for her daughter's wedding a gray two-piece dress, flowered hat and corsage of blue cornflowers and gardenias. Mrs. Laing, stepmother of the bridegroom wore a two-piece rose suit, hat to match and a corsage of gardenias and cornflowers.

After the ceremony a reception was held when the bride's table was centred with a three-tier wedding cake, flanked with vases of sweet peas. Assisting were Mrs. George Schofield, Mrs. Robert Melville and Mrs. A. Kiel. Harry Pratt of California proposed the bridal toast.

For travelling on a honeymoon in Alberta, the bride wore a three-piece gray suit, gray hat and white accessories. A corsage of red roses and Calla lilies complemented her ensemble. Residence will be established at 12009 94 street.

Out-of-town guests included Mr. and Mrs. H. Pratt, Los Angeles; Miss Barabara Campbell, Victoria and Mrs. J. Shaddy, Sioux Lookout, Ont.

Senior Sub-division of the Catholic Women's League will hold home cooking sale in the City Market Saturday. Mrs. A. McLaughlin is convener.

Points for Parents

Mother: "I told you if you turned the hose on your sister again, that I'd punish you!" Son: "I didn't mean to. She ran right in front of me."

Mother: "No, Son. We'll leave the hose on the sprinkler. You can't hold it except when both you and Sister have on your bathing suits."

When past experience has shown that a child is too immature to resist some temptation, it's better for parents to control the tempting situation than to punish him for yielding to it.

Ruhr Accord Essential

Anglo-U.S. Stalemate Is Blow to Germany

By James McCook

LONDON, July 25 — (CP) — The deadlock between Britain and the United States on future policy for Germany's Ruhr prefents a full flow of coal to restore German industry and ease the Allies' occupation burdens, government sources said today.

RESTORATION of the Ruhr and the Germany productivity generally would mean immediate relief for British and American taxpayers by reducing German dependence. But since the war's end and with the Ruhr placed under the British zone commander-in-chief, efforts to build production up to the pre-war figures have failed. Britain alone tried and then co-operated with the United States when the British and American zones were fused.

The present indecision is due to Britain's insistence that Ruhr plants be nationalized and operated by the German people The United States is opposed to immediate nationalization and recommends a five-year trustee organization under which industries would operate with the German voters deciding later whether they want nationalization.

FRANCE HAS a third-party interest. She demands that she be informed of development proposals so she can interject to prevent the Ruhr again being developed as a German arsenal.

Foreign Secretary Bevin and Lewis Douglas, United States Ambassador, had a private talk Monday and British sources said that compromise agreements may have been considered. An immediate result of a compromise would be that British and United States experts could begin planned talks in Washington to raise Ruhr coal production to something better than the present level, half the pre-war figure.

It is understood that British authorities emphasize in their talks with the United States that their support of Ruhr nationalization has nothing to do with Labor's political viewpoint in the United Kingdom but is considered to be the best means of obtaining production quickly and getting the German people back to full work and self-respect.

THE RUHR'S impotence affects all of Europe as Germany formerly was an exporter of coal and industries outside her borders dependent on this fuel. In a pre-war year the Ruhr gave Germany 320,000,000 tons of her total coal production of 184,500,000 tons.

The monthly average supply has been no better than the equivalent of 62,000,000 tons yearly.

Even this production has been lowered by strikes and slowdowns often associated with reductions in rations. Thus in April, 1947, coal output was only 45 per cent of pre-war production.

U.S. Scouts Sail

NEW YORK, July 25—(AP)—A group of 1,000 Boy Scouts boarded the United States Army transport General C. H. Muir yesterday to sail for France where they will attend the sixth world scout Jamboree near Paris, beginning Aug. 9.

University Plans Paving Projects

A $25,000 paving scheme will be undertaken this summer at the university, it was learned today. Specifications have not yet been completed, but it is believed that roads on the main university property, in the area around the arts and medical buildings, will be paved first. Then side roads as far as the new nurses' residence on 84 avenue will be surfaced. Asphalt and bitulithtype paving will be used on the project. Work will begin "soon," according to officials, and will be completed before the fall term. Tenders will be called early next week.

Relates Story Of Contact Lens

J. Erlanger, city optometrist, delivered a talk on The History and Use of Contact Lenses" at a Rotary club luncheon in the Macdonald hotel Thursday.

The contact lens, he explained, is made so it will not touch the cornea. It comes in contact only with the white part of the eye.

The lens is a curved plastic disc, and is about one and one-half inches long and approximately half as high.

At the beginning of the century, Mr. Erlanger stated, three developments took place which enabled a person to wear contact lenses without pain' First, the invention of plastics, second, the method of taking an impression of the eye, and last, the discovery of the method of grinding the curved lens.

ALTHOUGH many will wear contact lenses in the future, he said, the present-day glasses still will remain a favorite with the majority.

Miri W. Baker, manager of Palm Dairies Ltd., Edmonton, was introduced as a new member.

A minute's silence was observed in memory of Lloyd Wells, member of the club, who died Wednesday.

Northern Lights have been seen as far south as Singapore.

8 Divorce Decrees Granted by Court

Eight decrees absolute of divorce were granted this morning in supreme court by Mr. Justice G. B. O'Connor.

Following are the decrees: Lena Hackler from Daniel West Hackler; Pearl Higginbotham from Frederick George Higginbotham; Mary Kathleen Lalonde from Alan Aylmer Lalonde; William Henry Hillaby from Myrtle Augusta Hillaby; Elisabeth Frederick from Arthur Frederick.

Leona Doris Corke from Robert James Corke; Nick Boyko from Victoria Boyko; Olga Dixon from Robert Dixon.

The Book of Knowledge

(Department: Science)

This and the following articles are taken from the Book of Knowledge and can be clipped for saving in a reference book.

EXAMPLES OF SURFACE TENSION

The molecules in a liquid tend to stay together. Little rain drops on an automobile windshield join up because of this attraction between the molecules.

The effect is particularly noticed at the surface of a liquid.

Raindrops on a windowpane join because of molecular attraction—that is, the tendency of the molecules in a liquid to cling together. Molecules of the same liquid always attract one another.

for there one side is liquid and the other is air. The pull of the molecules is then all in one direction. It makes the liquid behave as though it had a thin stretchy skin on it. The strength of the skin on a liquid is called surface tension.

Molecules of the same liquid always attract one another, but molecules of different substances sometimes cling together and sometimes stay apart. For example, water does not wet an oily surface because oil molecules and water molecules push one another apart.

If you lower a candle slowly into a glass of cold water, the water is pushed down a little around the candle; but if you use your finger just after you have washed your hands well, the water will be pulled up a little as though it wanted to drag your finger down. This effect of surface tension is important for some insects. A water beetle can walk on the surface of the water with his front feet because the feet are oily and though they make little dents in the surface, they do not break the surface film. On the other hand, once a fly gets wet in milk, he usually drowns because the wet liquid keeps pulling down.

When a substance like which is easily made wet, is dipped into water, the molecules of water are pulled up into the tiny crevice by the force of surface tension. That is why soft paper with many pores is good for blotting.

In partly the same way, sap is pulled up from the roots to the leaves of trees, through tiny tubes in the tree trunk. In these cases the effect of surface tension is called capillarity, from the Latin capilla, a hair. A liquid can climb up quite a distance through a tube the size of a hair, though in a wide tube it can go up only if forced by a pump.

Osmosis. Although capillarity helps the sap to flow from the roots to the branches of trees, it cannot do the job alone. Another effect, called osmosis, is important as well. It works in the following way.

Usually there is plenty of moisture in the ground where the roots grow. Inside the roots there is sap, which is often sweet. The water from the outside tends to seep through the skin of the root to make the sap weaker. The big sugar molecules which are part of the sap cannot get out through the skin, so there is a slow flow of liquid one way only.

Osmosis does not take place unless the skin is of the right kind. The skin which covers roots has a

The water beetle treads on the water with its front legs, swims with the other four. Because the front feet are oily, they won't break the water's surface film—merely dent it.

structure which is able to let water molecules through and hold the sugar molecules back. This is actually quite a common behavior of membranes taken from plants and animals: they are often called semi-permeable membranes.

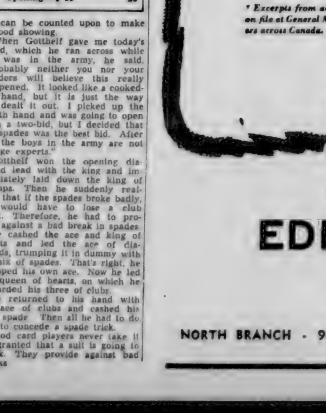
TOMORROW—Beads Made of Sealing Wax.

Bridge

By William E. McKenney

While in the South some time ago, I met A. L. Gotthelf again. Gotthelf is a former New Yorker who has spent quite a while in Uncle Sam's army. He has had little opportunity to play in the major tournaments, and so he does not have a great many Master Points. But when he does play, he can be counted upon to make a good showing.



Rubber—N-S vul.

South	West	North	East
6♠	Pass	Pass	Pass

Opening—♦10 — 25

When Gotthelf gave me today's hand, which he ran across while he was in the army, he said, "Probably neither you nor your readers will believe this really happened. It looked like a cooked-up hand, but it is just the way we dealt it out. I picked up the South hand and was going to open with a two-bid, but I decided that six spades was the best bid. After all, the boys in the army are not bridge experts."

Gotthelf won the opening diamond lead with the king and immediately laid down the king of trumps. Then he suddenly realized that if the spades broke badly, he would have to lose a club trick. Therefore, he had to protect against a bad break in spades.

He cashed the ace and king of hearts and led the ace of diamonds, trumping it in dummy with the six of spades. That's right, he trumped his own ace. Now he led the queen of hearts, on which he discarded his three of clubs.

He returned to his hand with the ace of clubs and cashed his high spade. Then all he had to do was to concede a spade trick.

Good card players never take it for granted that a suit is going to break. They provide against bad breaks

Lucyian Bauc, Mgr.

Any person desirous of protesting against the issuance of a Beer License to the applicant should notify the Alberta Liquor Control Board, Edmonton, in writing, within thirty days of the date shown at the foot of this advertisement.

MT. RUAPEHU ERUPTS

Mt. Raupehu, New Zealand's active volcano, has put on another show, Wellington reports. Glowing rocks, thrown clear of the crater, were seen by residents of Okakune to shoot into the air and then bounce down the sides of the mountain. Heavy explosions were heard and L. W. Fields, Okakune postmaster, reported seeing a sudden glow of flame around the rim of the crater. After several minutes, the mountain was relatively quiet again.

Original copy like a better mouse trap will bring buyers to your door.

DEATHS

MRS. MARY CARUK

ON July 24, Mrs. Mary Caruk of Myrnam, Alberta passed away at the age of 43 years. Today's Markets

Today's Market Summary

NEW YORK.—Special stocks continued to attract buyers, with some better performers setting new 1947 highs. Canadian issues were very slow at noon.

TORONTO.—Papers continued strong and seven issues posted new highs for the year. Western oils eased off slightly.

MONTREAL.—Industrials, papers and alcohols were particularly active as selected issues continued to seek higher levels.

CALGARY.—Absence of instructive news from the Leduc sector resulting in most oils easing to slightly lower levels.

To Study 'Overall Situation' In China

Dr. V. K. Wellington Koo, Chinese ambassador to the U.S., is shown, left, wishing godspeed to Lieut.-Gen. A. C. Wedemeyer as the latter left Washington national airport as head of President Truman's fact-finding mission to China and Korea. He will have the rank of ambassador during his six-weeks study of "appraisal of the overall situation" in those countries. Mrs. Wedemeyer is in centre.

Livestock

EDMONTON LIVESTOCK

Stockyards receipts: cattle 258, calves 89, hogs 461, sheep 130.

Trading wound up week actively Friday with prices steady and in line with week's decline. Receipts normal and a good clearance will be effected. Choice steers quoted 14.-14.50, butcher heifers trading 13 down, good cows mostly 9.50-10. with odd ones at 10.35. Vealers unchanged.

Hogs steady; sows firmer at 12 liveweight on stockyards.

Lambs steady; unchanged.

CALGARY LIVESTOCK

CALGARY, (CP) — Light receipts cleaned up at steady prices.

Hogs sold Thursday at 20.75 for A's at yards and plants; sows $11.60 liveweight.

Good to choice butcher steers 13.25-14.25; common to medium 10.00-13.00; good to choice butcher heifers 12.50-13.50; common to medium 9.50-12.00; good cows 9.00-9.50; common to medium 7.00-8.75; canners and cutters 4.50-6.50; good bulls 9.25-9.75; common to medium 7.50-9.00; good to choice veal calves 12.50-13.50; common to medium 9.00-12.00; good stocker and feeder steers 10.25-11.00; common to medium 9.00-10.00.

Good lambs 14.00; good ewes 5.50-6.50.

WINNIPEG LIVESTOCK

WINNIPEG, (CP)—All trade was pretty well cleaned up on the Winnipeg livestock market Friday. Short supplies continued at approximately the same rates.

Cattle receipts 195; steers up to 1,050 lbs. choice, $14.50-15.25; good, $13.00-14.00; steers over 1,050 lbs.: choice, $14.50-15.50; good, $13.00-14.00; heifers, choice $13.00-13.50; good, $11.50-12.50; fed calves, choice $14.50-15.00; good, $13.00-14.00; cows good $9.25-10.25; bulls, good $10.00-10.75; stocker and feeder steers, good, $11.00-12.00.

Hogs 95; B-1 dressed 20.00-20.30.

Sheep and lambs 50; good spring lambs 15.50.

LIVESTOCK TRAFFIC

Shipments off the Western stockyards on Wednesday and Thursday amounted to two cars hogs and two of cattle to eastern Canada while to the west coast went five cars cattle, three cars hogs, and five mixed cars of cattle, sheep, calves and hogs.

Grain Prices

EDMONTON GRAIN

Street prices for grain at Edmonton as provided by the National Grain Company:

Oats, all grades 55.

Barley, all grades 79½.

Wheat at board rate, basis 1.20 for No. 1 northern.

JULY 25

Rye: 2 C.W. 2.82; 3 C.W. 2.77; 4 C.W. 2.37; ergoty 2.22.

WINNIPEG GRAIN

WINNIPEG, (CP) — The United Kingdom took 350,000 bushels of wheat under the Canadian wheat agreement in export business reported on Winnipeg grain exchange Friday.

Rye futures prices declined sharply in active trading. Selling developed, influenced by an easier tone at Chicago and good rains throughout some sections of the prairies. Trade was active at the close.

At the close: July was 1 lower at 3.59; October was 8⅝-8¼ lower at 2.76½-⅝ bid; December 9-8½ lower at 2.54-2.54½.

Cash prices: Rye: 1 C.W. 3.59¼; Oats: at ceiling price of 65 cents; Barley: at ceiling price of 93 cents.

CHICAGO GRAIN

CHICAGO, (AP) — Grains eased in comparatively light dealings on the board of trade Friday, starting lower and continuing under the preceding close for the remainder of the session.

Hedging pressure from the southwest depressed wheat, and there was a lack of buying interest in view of the heavy run of grain to market. Receipts at 12 principal interior terminals Friday totalled 5,101,000 bushels against 2,457,000 bushels a year ago.

Wheat closed 2¼ to 3 cents lower, September 2.33-2.33½, corn was 2¼-3¾ lower, September 2.04½-¾, and oats were 1⅞-2¾ lower, September 92⅞-¾.

STOCK DEALS RESTRICTED

LONDON, (CP) — The Bank of England has issued a statement giving technical details of certain relaxations in wartime restrictions on dealings in foreign securities.

Switching will be permitted for any foreign security to another in the same currency. There was no relaxation, however, in existing restrictions on Canadian securities.

Feed Problems Talked By Board

To deal with feed problems that have arisen during the period of wartime controls and pass into pre-war channels with the abolition of the office of dominion feeds administrator, a meeting of the Alberta feed board was held this week at the office of the deputy minister of agriculture. Nelson Young, Ottawa, associate director, plants products division, and Aubrey Weir, district officer at Calgary, attended.

Differences in the quality of concentrates were discussed and reports given by provincial departmental officials, also on the feed situation in the country.

A committee was named to draft recommendations suggesting a survey of processing by dominion officials, and closer co-ordination, such as a national feeds board to co-operate with provincial feeds committee.

Alex Charnetski was chairman of the feeds committee section and Dr. L. W. McElroy secretary of the board. Dean Sinclair, Field Crops Commissioner Wilson, C. W. Traves and Dr. R. Wilson attended.

Oil Pit Reacts Gains Are Lost

CALGARY.—Strength of previous session was seen as trading of oil stocks opened Friday, however most prices eased to lower levels, in the absence of constructive news from the field near Leduc.

Anglo sold up eight, then slipped eight points to 1.82 while other changes were small. Leduc West sagged 2½ points but rallied on active buying to 26¾, while East Leduc slipped one but firmed to 26¾. Superior was off one at .38 by noon while Royal Canadian at 17½ and South Brazeau 14½ were both a half easier.

Sales at Calgary: 134,705.

TORONTO.—Smaller volume featured week-end trading in western oils. Anglo sold up to 1.90, slipped to 1.80 and moved at 1.83 for a loss of two points. Okalta gained six, then lost 10 at 2.23 where it was four lower than previous close.

Pessimists Study Wall Street Index

NEW YORK, (AP)—Pessimists in Wall Street see strong points of resemblance between the present climbing stock market and last year's spring market which overnight went into one of the steepest nosedives on record.

Stock prices closed Saturday at the highest average level since early February this year. Industrial shares ended at close to a one-year peak.

Business news is good, prospects on most fronts range from satisfactory to bright. Still, some observers see chances for a summer stock market spill.

What forces could act to send the stock market into decline? Here are a few suggestions from some of the more sombre-minded Wall Streeters:

First, they claim, the present intense demand for consumer goods, a hangover from the war, will not last forever, may peter out in a matter of months.

Second, they say, much of the present American prosperity and prospective well-being stems from booming export trade. Export business which is now vital to the United States, it is claimed faces extinction in the not too distant future.

Third, the danger of inflation is still present.

Selective weed killers will play a valuable role in the regeneration of grassland farming in post-war England.

STOP the ITCH of Insect Bites—Heat Rash

Quick! Stop itching of insect bites, heat rash, eczema, hives, pimples, scales, scabies, athlete's foot and other externally caused skin troubles. Use quick-acting, soothing, antiseptic D. D. D. FACTORY INVENTORIES UP

OTTAWA, (CP)—A four-per-cent increase was noted in the value of manufacturing inventories held by firms reporting to the dominion bureau of statistics during April, the bureau reported. This brought the gain during March and April to 7.8 percent and the rise since the beginning of the year to 11 percent.

A Jamaican steamship company plans to use Victory type ships from the United States to transport bananas.

Canteen Profits Go To Charity

OTTAWA—West coast charities and the Canadian Naval Service Benevolent Trust fund will benefit substantially from distribution of the ship's fund of the cruiser H.M.C.S. Uganda, according to information received at naval service headquarters. It is customary when a ship goes out of commission for the canteen fund to be wound up.

Uganda's operational duties will be taken over early in August by the cruiser H.M.C.S. Ontario, which has just completed an extensive refit. Uganda will remain at Esquimalt as part of the Royal Canadian Navy's reserve fleet.

The ship's fund, since the end of March, had already made a gift of $1,000 to the Esquimalt base for the purchase of diagnostic surgical instruments, including a bronchoscope, for the "well baby clinic" operated by the medical staff of the base, and has given $185 to the navy's benevolent fund.

The final distribution of the ship's fund is to include a gift of $1,000 to the cancer fund; another of $1,000 to the Queen Alexandra solarium (children's hospital); $1,000 to the Victoria orphanage; $500 to the Victoria Boy Scout association; $500 to the Salvation Army, and $500 to the Red Cross. The balance available for distribution to charity—something over $1,900—will go to the Canadian Naval Service Benevolent Trust fund.

The fund has been built through profits of the canteen from the sale of soft drinks, candy, razor blades, stationery, soap, tobacco and all the rest of the wide miscellany of comforts and necessities that the well-stocked ship's canteen takes to sea.

Kaiser Contract Is Under Fire

WASHINGTON, (AP) — Interior Secretary Krug told the United States senate war investigating committee members Thursday that Henry Kaiser "put the heat of hell on everybody in Washington" to obtain wartime contracts to build a huge plywood airplane.

Krug said that a contract made by the War Production Board with Kaiser and Howard Hughes, movie producer, for the plane's construction was let "before my time" on the board.

The committee is inquiring into the letting of the contracts and any possible connection of Elliott Roosevelt, son of the late President Roosevelt, with the transaction.

Homer Ferguson, Rep., Mich., who heads a sub-committee, told a reporter that the army and navy had opposed letting the contracts but that orders had come from the White House to go through with them.

Krug said "initially they told him (Kaiser) that he couldn't have an airplane contract because he had no aircraft man.

"He lined up Hughes and came back and said that now he had an aircraft man. Then he got the contract."

The interior secretary declined to comment on reports that he had attended Hollywood parties arranged by Hughes.

Freighter Heads For Churchill

LONDON, (CP) — The Essex Trader, a freighter operated by Dalgleish Shipping Lines, left Thursday for Churchill, Man., to pick up the first cargo of grain this season from the northern port. Other vessels will follow.

The Essex Trader carried a mixed cargo, of which glass was the greatest single item. She also is carrying rum and whiskey and equipment for the R.C.A.F. at Churchill, where she is due Aug. 5.

The next sailing will be the Empire Beatrice leaving England Aug. 2 and due in Churchill about Aug. 19 to pick up timber as well as grain.

Mexico City authorities have started a drive against juvenile crime.

Health Directors For Arctic Named

OTTAWA, (CP)—Health Minister Martin announced Thursday appointment of two regional directors of Indian health services for Quebec and the eastern Arctic.

Dr. O. R. A. Leroux, for the last 11 years with the Royal Army Medical Corps, has been appointed for the Quebec region and Dr. H. W. Lewis of Ottawa for the eastern Arctic.

Dr. Lewis is a graduate of the Universities of Manitoba and London. He has done Indian medical work in the west since 1931.
